## PREFACE

Dear American Homemaker:

This is the "different" kind of a cook book for which you have been looking—a cook book which you will want to use every day.

For here are menus for every imaginable kind of meal, and the recipes are right with the menus! What a relief to find them handy, without hunting all through the book to locate the one to "fit."

As you use this cook book, I hope you will look back with pleasure at the cooking school sessions, and will carry the new ideas gathered there into everyday usage in your own home.

## CHAPTER I

### A MODERNISTIC RECIPE-MENU BOOK

Because you probably would not read it, and because you can locate it in almost any standard cook book on the market, this particular book is not going to cover very much technical matter. Its chief business is to provide you with workable menus and recipes to go with them. In order to include an adequate number of menus, it is also necessary to curtail as much unnecessary material as possible.

There are good books on the technique of table-setting and table service to be found in any up-to-date book store. In addition, almost any manufacturer of silverware, china, linen and decorative materials will be glad to mail you ultra-modern information on such necessary details, if you will but write for it. The women's magazines constantly furnish you with photographs of all new ideas in such matters, and will also answer any of your questions relative to table-setting, good form and the niceties of entertaining.

Food values may be studied from text-books dealing with such subjects. In fact, you should own and have constantly at hand in the kitchen some good substantial book on food values in figuring calories and menu-planning. It is the business of every homemaker to keep up with modern trends in thought on such subjects,—calories, vitamins and the balanced diet.

Without a fundamental knowledge of these matters, it *is* difficult to plan menus properly. This book, therefore, is going to be very useful for most homemakers, because the menus are properly balanced throughout. Any woman who follows the seven weeks' menus, for instance, will have a proper diet for her family.

This business of "homemaking" is one which engages the attention of many million women in the United States. Yet it is only at the time of the present census-taking that the lawmakers have come to acknowledge

it, and have consented to list every housewife as "homemaker" instead of as "unemployed." This is real progress.

Even greater progress will be made by the American homemaker in the next few years to come, because she will be learning through the medium of cooking schools, as well as by radio and printers' ink, how to really manage her home, which is her place of business. The use of modern, time-saving equipment will increase, a proper knowledge of the principles underlying the problems of marketing will make her a better buyer, and the use of such a time-saving book as this one will enable her to properly feed her family, entertain royally on even a small appropriation for "pleasure," and find more leisure time to really live.

## CHAPTER II

### WEIGHTS—MEASURES—TEMPERATURES

Since business should always come before pleasure, this chapter is going to take care of several small but necessary subjects, such as weights and measures, temperatures and proportions. These are very important minor details, since it is really a fact that accuracy is essential to repeated successful production of the same result. In other words, while it may be true that there are women who are born cooks, who apparently make marvelous cakes and pies without measuring anything accurately, it is also true that these same women cannot *always* produce the same quality in their cakes and pies. Sometimes there will be a failure without apparent reason.

There is a reason just the same—lack of accurate detailed procedure. A woman who is not in the least a born cook, but even not inclined to cook, can successfully produce an excellent cake the first time she tries, if she will measure accurately and follow directions exactly. And what is more, she will be able to teach some one else how to make the same thing, which is more than the other type of woman is able to do!

Granted, then, that accuracy is essential, the first rule to learn is this—*All measurements are level*, unless otherwise stated.

The second rule is—

*Follow the recipe exactly.*

The rest of this chapter will take the form of several tables and charts which are essential for reference from time to time. For instance, when you are called upon to supply quantity recipes for some “crowd” affair, such as a church supper or a club meeting, simply refer to table of weights and approximate measures, and change the family recipe to a quantity recipe!

## CHAPTER III.

### SEVEN WEEKS' MENUS

So often it is hard to plan well-balanced menus that fit in with the family's food habits. The following group of menus may be used to advantage by the busy homemaker, either consecutively, or week by week. It is advisable to select a week's menus at a time, because left-overs are taken into consideration in the planning. These menus are time-saving, too.

#### FIRST WEEK'S MENUS

##### Sunday

<i>Pan-fried Chicken</i>	<i>Feathery Potatoes</i>	<i>Spinach</i>
<i>Head Lettuce, Roquefort Dressing</i>		
<i>Apple Torte</i>		

---

##### Pan-Fried Chicken

Clean, wash, disjoint and dry the chicken. Unless spring chickens are used, parboiling will be necessary. Dredge each piece with flour, season well with salt and pepper, and fry until tender in hot bacon fat or drippings. Make a milk gravy from fat in pan to serve with the chicken.

##### Feathery Potatoes

6 medium-sized potatoes . . . 3 tablespoons butter  
 $\frac{1}{3}$  cup hot milk . . .  $\frac{1}{2}$  teaspoon salt . . .  $\frac{1}{8}$  teaspoon pepper

Pare and boil the potatoes, drain, dry and mash them till smooth. Add seasonings and milk. Beat until very light and fluffy. Serves 6.

##### Spinach

$\frac{1}{2}$  peck spinach . . .  $\frac{1}{2}$  teaspoon salt . . . 2 tablespoons butter

Pick spinach over carefully and wash thoroughly through several cold waters. Place spinach in large kettle without water, set over low flame and cook slowly till juice is drawn. Then cook rapidly for 10 minutes, or until tender if spinach is old. Drain, saving the strained spinach water for soup stock. Serve with the butter and salt. Spinach may be chopped fine if preferred.

**Head Lettuce, Roquefort Dressing**

1 solid head lettuce . . .  $\frac{1}{2}$  cup French dressing  
1 segment Roquefort cheese

Break up cheese, mash until smooth, add to French dressing. Pour over lettuce which has been cut in fourths and thoroughly washed and crisped.

**Apple Torte**

7 apples, peeled and cored . . . 6 tablespoons sugar  
2 tablespoons shortening . . . 6 eggs . . . 2 cups sour cream  
2 teaspoons vanilla . . .  $\frac{1}{2}$  teaspoon cinnamon  
2 tablespoons sugar . . . 3 cups zweibach crumbs

Cook apples, 6 tablespoons sugar and the shortening till apples are soft. Beat eggs, add cream and seasonings and add to cooked apples. Boil together till thick.

Place layer of 2 cups of the crumbs in bottom of well greased baking dish, then a layer of the apple mixture, and continue alternately until pan is filled. Bake 1 hour in moderate oven  $375^{\circ}$ . Serves 8.

**Monday**

*Pot Roast with Carrot Gravy*  
*Scalloped Potatoes*      *Head Lettuce, Piquant Dressing*  
*Apple Betty, Lemon Sauce*

**Pot Roast, Carrot Gravy**

Wipe 4 to 6 lbs. from middle or face of rump or round of beef. Sear all over in frying pan, turning in hot fat till well browned. Place in pot-roasting kettle with 1 cup hot water, and simmer until tender, replacing water as it cooks away. A steamer or waterless cooker is ideal for pot-roasting. Keep cover on tight. After cooking 1 hour, add salt, pepper paprika and 1 teaspoon Worcestershire Sauce. Half hour before serving add 1 cup grated carrots. When done, make the gravy of the stock in pan, leaving the carrots in it.

**Scalloped Potatoes**

1 quart sliced raw potatoes . . . 1 teaspoon salt  
 $\frac{1}{4}$  teaspoon pepper . . . 4 tablespoons butter ( $\frac{1}{4}$  cup)  
2 tablespoons flour . . . 2 cups scalded milk

Cover bottom of glass or other baking dish with sliced potatoes. Sprinkle with seasonings, dredge with flour and dot with the butter. Repeat until materials are used. Pour the scalded milk over all, and bake in moderate  $375^{\circ}$  oven about 50 minutes. Serve 8.

**Head Lettuce, Piquant Dressing**

1 solid head lettuce . . .  $\frac{1}{2}$  cup French dressing  
 $\frac{1}{2}$  teaspoon mustard . . . 2 teaspoons grated onion . . . dash Tobasco  
 1 tablespoon chow chow

Cut lettuce in quarters. Add ingredients to the French dressing, and pour a portion over each serving of lettuce.

**Apple Betty**

5 medium-sized apples . . .  $\frac{1}{4}$  cup shortening . . .  $1\frac{1}{4}$  cups bread crumbs  
 $\frac{1}{4}$  cup hot water . . .  $1\frac{1}{2}$  tablespoons lemon juice  
 5 tablespoons dark corn syrup . . .  $\frac{1}{2}$  teaspoon each salt and cinnamon

Pare and cut apples in thin slices. Mix bread crumbs with melted shortening. Mix hot water, lemon juice, syrup, salt and cinnamon. Put alternate layers of apples and bread crumbs into greased baking dish, pouring liquid over each layer. Bake in moderate oven  $375^{\circ}$  about 45 minutes. Serves 6.

**Lemon Sauce**

1 cup sugar . . .  $\frac{1}{8}$  teaspoon salt . . . 1 tablespoon cornstarch  
 1 cup boiling water . . . 1 tablespoon butter . . .  $1\frac{1}{2}$  tablespoons lemon juice

## Thursday

*Broiled Ham, Milk Gravy*  
*Boiled Rice*                      *Creamed Artichokes*  
*Banana Floating Island*

### Broiled Ham, Milk Gravy

Purchase an inch-thick slice ham, remove rind and cut gashes in the fat, scoring it. Broil until browned, turning once. Make the milk gravy with drippings in the broiler pan, first adding a tablespoon of flour to each tablespoon of the ham fat, and then stirring in 1 cup hot milk to that amount. Make as regular white sauce. Flour may be browned if desired.

### Boiled Rice

Rapidly boil 1 cup raw rice (unpolished rice preferred) in 4 cups (1 quart) boiling salted water. When rice kernels are tender clear through, pour off the water, then quickly wash the rice with fresh boiling water, shake it dry and serve with lump of butter in center, and pepper besprinkled over it.

### Creamed Artichokes

Wash and boil artichokes with skins on in salted water for  $\frac{1}{2}$  hour. Drain, peel, and serve creamed with white sauce. It is more tasty to let the artichokes remain standing in the white sauce about 15 minutes before serving.

### Banana Floating Island

1 pint (2 cups) milk . . . 3 egg yolks . . .  $\frac{1}{4}$  cup sugar . . . vanilla  
dash salt . . . 1 tablespoon cornstarch . . . bananas

Beat eggs slightly, add to milk with sugar and salt, cook in double boiler with the cornstarch dissolved in cold water. When thick, add vanilla. Cool. Pour into a deep dish over sliced bananas. Place sliced bananas carelessly over top, and finish them off with dabs of meringue made from egg whites and brown in oven.

$\frac{1}{2}$  cup salad oil . . .  $\frac{1}{4}$  cup vinegar or lemon juice  
 $1\frac{1}{4}$  teaspoons salt . . .  $\frac{1}{4}$  teaspoon pepper . . . dash of cayenne  
 $1\frac{1}{4}$  teaspoons sugar

*Place all ingredients in covered glass jar. Shake before serving, until dressing is thick as syrup. Keep in refrigerator if any is left over.*

##### French Fruit Dressing:

To  $\frac{1}{2}$  the French Dressing Recipe add 1 tablespoon orange juice and  $2\frac{1}{2}$  teaspoons sugar. Make the French Dressing with lemon juice. Shake before serving.

##### Roquefort French Dressing:

To 1 French Dressing Recipe add crumbled Roquefort cheese, as taste indicates.

##### Chili French Dressing:

To 1 French Dressing Recipe add 1 teaspoon tarragon vinegar,  $1\frac{1}{4}$  teaspoons minced onion,  $\frac{1}{4}$  teaspoon paprika,  $2\frac{1}{2}$  tablespoons chili sauce. Let stand several hours, shake well before serving.

##### Thousand Island French Dressing:

To 1 French Dressing Recipe add  $\frac{1}{4}$  cup chili sauce,  $\frac{1}{4}$  teaspoon Worcestershire sauce, and  $\frac{1}{3}$  cup whipped cream. Shake all together in covered fruit jar and serve immediately.

##### Vinaigrette Dressing:

To  $\frac{1}{2}$  the French Dressing Recipe add 2 sprigs chopped parsley, 1 chopped shallot, 2 chopped chives, and 2 sprigs chervil; shake very thoroughly before serving.

#### MAYONNAISE DRESSING TYPE

##### Mayonnaise Dressing

3 egg yolks . . . 1 teaspoon salt . . .  $\frac{1}{2}$  teaspoon mustard  
 $\frac{1}{8}$  teaspoon pepper . . .  $\frac{1}{4}$  teaspoon powdered sugar . . . 2 cups olive oil  
2 tablespoons lemon juice . . . 1 tablespoon vinegar

*Mix dry ingredients, add egg yolks, when well mixed add one-half teaspoon vinegar; beat with rotary beater until smooth, then add, drop by drop, two cups oil, beating constantly. As mixture thickens, thin with lemon juice, or vinegar; add more oil, alternating with vinegar and lemon until proportions are used, stirring or beating constantly. If oil is added too rapidly dressing will curdle. In this case take a fresh, cold yolk, beat until thick and add curdled mixture slowly to it. The oil for salad dressing should be thoroughly chilled and in making, all utensils and ingredients should be cold. It is helpful to place bowl in a larger dish of cracked ice. Mayonnaise should be stiff enough to hold its shape. Size of eggs and sharpness of vinegar are so variable that sauce made with two cups of oil may vary at different times.*

#### **Cream Mayonnaise:**

To  $\frac{1}{2}$  cup Mayonnaise add  $\frac{1}{4}$  cup stiffly beaten cream.

#### **Sweet Cream Mayonnaise:**

To 1 cup Mayonnaise add 2 tablespoons powdered sugar, 2 tablespoons lemon juice, and  $\frac{1}{3}$  cup sweet cream beaten stiff.

Add 3 tablespoons ravigote herbs to 1 Mayonnaise recipe; or chop parsley and pound it with a small quantity of lemon juice, strain through cheesecloth and add to 1 Mayonnaise recipe.

#### **Red Mayonnaise:**

Add 1 tablespoon lobster coral to 1 Mayonnaise recipe, after rubbing coral through a fine sieve.

#### **Russian Cheese Dressing:**

To 4 tablespoons Mayonnaise add 2 tablespoons chili sauce, 1 chopped hard cooked egg, and 2 tablespoons pimiento cheese.

## PART TWO

## CHAPTER I

### ENTERTAINING

In days gone by, the art of entertaining was extremely arduous for the homemaker. She necessarily had to spend many hours in the kitchen in preparation for any event such as Christmas, Thanksgiving, "Company" Dinners and such affairs.

Nowadays, with beautiful plated silverware, china of good design, sparkling glassware and gorgeous linens all reasonably priced and easily procurable, entertaining is so simple that the art may be indulged in more often and much more easily.

Then, too, the elaborate layouts in foods which were once thought to be essential are now no longer *the* thing. Simplicity of menu construction and actual food preparation has come in to stay. In fact, the usual way in which most foods are prepared for the family, will, with just a trifle more trimming up, exactly fit the needs for company entertaining.

There are still three occasions when a great deal of formality surrounds the service, and tradition rules the selection of the menu—Thanksgiving, Christmas and the formal Wedding Reception. Aside from these, choice of menu and method of service is pretty well left to the discretion of the individual hostess.

Since the formal Wedding Reception is more often than not handled by a caterer, there are just two national feast days left.

Aside from these, there is the formal dinner and the formal evening reception in some one's honor.

Unless one has a high position in Society, that about covers the need for formality and precedent in the matter of entertaining. The rest of it resolves itself into community affairs, church or parish suppers, informal card party or afternoon refreshments, evening entertainment after which refreshments are served, Sunday morning breakfasts and Sunday evening suppers, company dinners, children's parties, outdoor parties and picnics, and the celebration of the various holiday occasions throughout the year, such as St. Valentine's Day, the patriotic parties, New Years' parties, and summer entertaining.

The simplicity of entertaining in the present day period makes it possible for almost any woman who knows how to cook to offer a charming afternoon or evening to her guests, topped off with delightful and delicious refreshments.

The rest of this chapter covers this subject of entertaining. The occasions are classified, menus and recipes are right together as throughout the rest of the book, and there are many suggestions for novelties in the way of refreshments.

## APPETIZERS

Appetizers in some shape often form the introductory course to luncheon or dinner. They should be attractive to the eye as well as stimulating to the appetite. They may be a seafood or a fruit cocktail, a highly seasoned canape or sandwich, or perhaps a fruit salad. Sometimes they are cocktails made from fruit or vegetable juices.

Canapes and sandwiches filled with highly spiced pastes may be served in the drawing room before the meal, accompanied by a small glass of iced beverage. These should be made with the paste not entirely covering the base so that they may be eaten without soiling the fingers. All other types of appetizers should be served at the table. Most of them should be served ice cold and garnished appropriately. The hot ones should be very hot when placed.

There is no limit to the variations of this type of dish, or to the garnishings which accompany it.

For each cocktail, allow three tablespoons lobster. Cut in small pieces and season with sauce made of remaining ingredients mixed together. Serve very cold.

Fruit cocktails serve as the introduction, or appetizer, of a lunch or dinner. In their role of appetizer, they should be fairly tart, well chilled, and arranged attractively in not too large portions. Fresh or canned fruits or juices may be used either alone or in combinations, and these combinations are innumerable.

Melons should be iced before cutting, then seeds removed and portions served on crushed ice. Powdered sugar, salt or salt and pepper may be passed.

Oranges and grapefruit may be cut in halves crosswise, and the core and seeds removed. Often the centers are filled with highly seasoned sugar or syrups, or other fruits added.

Other fruits may be cut in balls or wedges, and served in cocktail cups. Some of these cups are made with an outer bowl to hold crushed ice.

## CHAPTER II

### THE "COMPANY SHELF"

It is a great convenience to have a well stocked emergency shelf against the times when the unexpected guest drops in, or unlooked for demands are made for "donations." On this shelf may be kept a selection of such things as small cans of pimientos, mushrooms, capers, marrons, chicken, shrimp, caviar, tiny pearl onions, choice jellies and marmalades, pickles and preserves.

When company comes, it is simple enough to dress up the regular family dinner with a little additional seasoning or an extra dash of something-or-other.

Home-made pickles and preserves also serve to make many left-over dishes more acceptable. It is well, then, in view of the various and sundry uses for a "company shelf," to have one in your home. (See last chapter of Part III.)

The following recipes are unusually choice ones, not usually found in cook books. Many of them have been in certain family recipe books for generations, and others have been handed down almost as heirlooms!

In making jams or marmalades, the jelly-making element, pectin, must be present, or else the fruit juice will not "jell." If you cannot secure the commercial pectin, you may make it yourself in the following manner:

#### Apple Pectin

1 lb. sour apples . . . juice 1 lemon . . . 2 qts. cold water

Underripe apples or crabapples may be used. Remove blossom and stem ends, cut in pieces, using skins and cores. Add lemon juice and water enough to barely cover. Cook till apples are soft, strain them through jelly bag without squeezing. Boil the juice 5 minutes and pour into hot sterilized jars and seal.

#### Golden Ginger Cup

6 lbs. pumpkin . . . 6 cups sugar . . . 6 lemons . . . 1 qt. water  
2 oz. green ginger root

Raw pumpkin may be diced in third-inch cubes or cut into balls with French cutter. Add the ginger root and lemons sliced very thin (remove seeds), cover with water and let stand over night. Simmer slowly till

pumpkin is tender, testing it with a straw or toothpick, then add the sugar and cook till the pumpkin is clear and the liquid jells.

### Cranberry Marmalade

1 pint cranberries . . . 1 lb. raisins . . . 1 cup corn syrup . . . 1 cup brown sugar

Pick over and wash cranberries and raisins. Cover and cook them in double boiler until broken to pieces. Add syrup and sugar. This should be cooked so that it will form a stiff mold when cold. This is very nice packed in tiny individual marmalade jars.

### Garfield Butter

Take two-thirds plums and one-third peaches. Pare, pit and slice the peaches, and if plums are freestones, remove pits. Cook peaches and plums together till soft, rub through colander or coarse sieve. If plums happen to be clingstones, the pits are removed in the sieving process. To each measure of pulp add three-fourths of a measure of sugar, cook slowly, stir often, till right consistency. Pack hot in hot sterilized jars. Seal.

### Green-Grape Mint Jelly

Wash desired amount of green or partially ripe grapes, put in preserving kettle and heat till easily crushed. To each 4 lbs. of grapes add 1 bunch fresh, well-washed mint previously bruised in a bowl, and cook till grapes are soft enough to drain. Place in jelly bag, let drip, then measure the amount.

Boil the juice and for each pint of it add 1 scant pound of sugar (heated) and boil for 12 minutes. It should jelly when tested on a saucer in this amount of time. Color it a mint green with vegetable liquid coloring, and fill glasses. Part of it may be left without coloring if desired, since it is naturally a beautiful color as it is. A beautiful effect may be produced by placing alternate layers of the pink and green jelly in the same glass, allowing each layer to cool before adding next.

### Chipped Pears

8 lbs. pears . . . 4 lemons . . .  $\frac{1}{4}$  lb. ginger root . . . 8 lbs. sugar  
1 cup boiling water

Cut pears, lemon and ginger root in small, thin slices. Add the sugar and water and boil all together for 2 to 3 hours, very gentle heat. The fruit should be clear and tender. Stir often while cooking.

### Grape Fudge

$\frac{1}{2}$  peck blue grapes . . .  $\frac{1}{4}$  cup whole allspice . . .  $\frac{1}{4}$  lb. stick cinnamon  
1 cup grape juice . . . 1 cup cider vinegar . . . 3 lbs. sugar

Let all above ingredients, except sugar, come to boil, and strain. Add

sugar and boil for 25 minutes. Pour into hot sterilized glasses. Very delicious with meats.

### Sweet Pickled Prunes

4 lbs. prunes . . . 2 lbs. sugar . . . 2 cups vinegar  
½ oz. cloves, whole . . . 1 stick cinnamon . . . ½ oz. whole ginger

Wash prunes well, soak in cold water 24 hours. Bring to boil in same water. Boil together the sugar, vinegar and spices 10 minutes; add the prunes drained from the water, and simmer gently until tender. When cold put in jars and seal.

### Lazy Daisy Pickles

1 gal. vinegar . . . 1 cup salt . . . 1 cup sugar . . . 12 small hot red peppers  
1 cup mustard seed . . . 2 gals. cucumbers, 1½ to 2 ins. long

Wash cucumbers carefully and pack them in clean glass jars. Mix salt, sugar, mustard and peppers with the vinegar, fill the jars to overflowing with it. Cover tightly, store in cool dry place, and the pickles will be ready to eat in two weeks. These make very nice gifts if packed into small narrow jars.

### Sliced Sweet Dills

Slice 1 can dill pickles, or about 8 dills from the grocery pickle barrel into ¼-inch slices. Put into clean jars, dropping strips of pimienta between the layers of pickles.

Boil together 1 cup vinegar, 1 cup sugar, 1 teaspoon mixed pickling spices. Pour it over the sliced dills and let stand a couple of days before using. If sealed while hot these pickles will keep a long time. Strain out the spices, if sealing hot.

### Watermelon-Rind Preserves

10 cups watermelon-rinds . . . 10 cups sugar

Mix the melon-rinds and sugar and let stand overnight. In morning add 10 tablespoons orange peelings, run through the meat chopper. Cook till clear and rich yellow color. Extra delicious!

### Red Pepper Jelly

6 large sweet peppers . . . 1 cup vinegar . . . 1½ cups sugar

Put peppers through food chopper after removing seeds. Add little salt, let stand two hours. Rinse in cold water and drain an hour. Add the other ingredients and boil, stirring constantly. Seal in hot jelly glasses.

### Spanish Jam

To juice of 5 qts. currants add 2 cups water and bring to boil, skimming repeatedly. Stir in the grated rind of 6 oranges, boil for 20 minutes, then

add the juice of the oranges. Stir in 5 lbs. sugar and  $1\frac{1}{2}$  lbs. raisins, and boil for 1 hour, or till it reaches the proper consistency.

### **Carronge Marmalade**

Grind 2 bunches raw carrots in food chopper, using large cutter. Make syrup by bringing to boil 3 cups sugar to 1 of orange juice. Into this stir the carrot pulp and simmer over slow fire till of desired consistency. To add richness and stronger orange flavor, grind some of the peel and add some of the pulp.

Remove center membrane from half a grapefruit, and loosen sections with a grapefruit knife. Sprinkle with powdered sugar. Fill the center with crushed pineapple. Chill overnight before serving.

### Poached Eggs in Bread Baskets

These are very good looking and easily prepared. Cut rather thick slices of bread, scooping out the center with spoon or fork. Toast bread a nice golden brown on all sides. Drop carefully poached egg into the cavity. Serve with bacon strips, garnish with watercress.

### Poached Eggs

For best results, eggs should be fresh and cold. Pour a quart of water, 1 teaspoon salt and 1 teaspoon vinegar in a shallow frying pan, and arrange in it as many muffin rings as eggs to be cooked. Set the pan where water will bubble at one side of pan only. Break eggs one at a time into a saucer and slide them into the rings. Be sure the water is boiling and covers the eggs. Cook with cover on pan until the white is set over the yolks, then pour off most of the water. Lift the eggs one at a time with a pancake turner, and slide them into the bread baskets. Eggs may also be poached in milk, in meat stock, and in gravy, any of which may be poured over the eggs and served with them.

## CEREALS

All grain products are cereals, properly speaking, and have a high dietary value. They are rich in starch, which furnishes energy for the body; in protein, which rebuilds broken down cell structure and makes for growth; and in cellulose in large quantities, which is useful as roughage. Certain of the cereals which have been finely milled have lost, in that process, some of their full food value. Care should be taken to choose those which contain full food value.

Cereals should be purchased in small amounts and kept in closely covered containers. These will assist in keeping away the insects common to such foods.

Although the term—cereal—covers all grains in any form used for food by man, it has come to mean, commonly, those cereals served for breakfast. All of these raw cereals call for similar methods of cooking—they

should be poured slowly into rapidly boiling water, stirred continuously and cooked for 5 minutes. They may then be cooked in a double boiler, in a fireless cooker or baked in the oven for the required length of time for each type of cereal. Cereals may be cooked in milk to increase their food value. They should be started in half the quantity of boiling water called for in the recipe, and then the remaining quantity of hot milk added, and cooked over boiling water.

The very coarse cereals, such as cracked wheat or oats, Irish or Scotch oatmeal, are improved if they stand overnight in cold water. In the morning salt should be added and the cereal cooked over direct heat, stirring constantly for 15 minutes. They should then be steamed in a double boiler from four to eight hours.

Packaged cereals on the market are, many of them, partially cooked in production, so do not call for as long a cooking period. The recipes printed on the packages, however, do not give sufficient cooking time to bring out the flavor of the cereal. A little more time should be allowed. There are many completely cooked cereals on the market which do not require any preparation for serving. They may be heated up before serving, if desired, and if they have become stale, heating in the oven brings back their necessary fresh, crisp character.

The Italian pastes, macaroni, spaghetti, noodles, etc., form other types of cereals in wide use throughout the country. These are made of wheat flour combined with water and dried in various shapes. They should be dropped slowly into rapidly boiling, salted water, so as not to stop the boiling, and cooked uncovered for at least 10 minutes, or until tender. The cooking time depends entirely on the age of the paste. The pastes are seldom used alone—usually a highly seasoned sauce is served with them.

## CHAPTER V

### SUNDAY NIGHT SUPPERS

One of the most important traditional meals in our country's history is the Sunday night supper. Each section of the United States seems to have its own particular menu, which is often served Sunday after Sunday, to guests as they drop in to visit.

The old-fashioned menus were planned about a particular dish, such as hot biscuits and honey, or hot gingerbread and apple sauce, or cold sliced meats with creamed potatoes. Memory recalls several varieties of layer cakes, instead of just one kind as served today. Cold berry pies, raspberry, blackberry, blueberry, and such crusts! Flaky, crisp, good to the very last crumb!

Hot johnny cake with plenty of freshly churned butter—even great piles of flannel or buckwheat cakes served with sausage and syrup—graced the Sunday night supper table of olden days.

Today, with our electric toasters, waffle irons, coffee percolators and grills, we may serve delectable *hot* Sunday night suppers cooked right at the table. Or, if we choose, we may eliminate the Sunday dinner entirely, and entertain our guests Sunday night with a more elaborate supper. Here are menus to suit every taste and requirement.

## RAISED YEAST BREADS

### White Bread (Quick Method)

2 cakes yeast . . . 1 qt. lukewarm water . . . 2 tablespoons sugar  
2 tablespoons melted shortening . . . 3 qts. flour . . . 1 tablespoon salt

Dissolve yeast and sugar in lukewarm water, add shortening and one-half of the flour. Beat until smooth, then add the salt and the balance of the flour, or enough to make dough of consistency to be handled. Knead until smooth and elastic. Place in greased bowl, cover and set aside in a moderately warm place, free from draught until light—about one and one-half hours. Knead again and mold into loaves. Place in well greased bread pan, filling them one-half full. Cover and let rise one hour, or until double in bulk. Bake 45 to 60 minutes, in moderately hot oven. If a richer loaf is desired, use milk in place of part or all of the water. This recipe makes three large loaves. The best bread makers use quick methods. One cake of yeast will suffice, but two cakes produce quicker, stronger fermentation, and better bread.

### Apple Bread

1 lb. apples . . . 1 yeast cake . . . ½ cup lukewarm water . . . 1 teaspoon salt  
5 cups flour . . . 4 tablespoons melted shortening

Peel, core and stew apples. Dissolve yeast in lukewarm water, add slightly cooked apples, half of the flour and the melted shortening. Mix well. Cover and put in a warm place to rise until light—about one and one-half hours. Mix in remainder of flour, and the salt; knead lightly and let rise in a well greased bowl until double in bulk. Form into loaves, filling pans half full; cover and let rise until light—about one hour. Bake in a hot oven about 45 minutes.

### Hungarian Tea Bread

Add creamed shortening, sugar, eggs, raisins, salt, remainder of the flour, and the cinnamon. Mix to a stiff dough and knead thoroughly. Let stand until double in volume. Divide into two equal parts for loaves; cut each loaf into three equal parts; roll the parts into strips about twelve inches long, tapering to a point at each end; press ends together and braid. Place on buttered baking sheets, cover and allow to stand until light. Bake from one-half to three-quarters of an hour. When cool, ice with an icing made by mixing a few drops of hot water with powdered sugar; flavor with vanilla.

Have the temperature when mixed 82° to 84° F. Allow the dough to rise until very light. Divide into two large loaves, or three small loaves. Mold and place in pans. Allow to rise to top of pans. ### **Ribbon Sandwiches**

Cut thin slices from each pile, spread and fit together alternately, again making two piles. Chill well, then cut slices across the ends, which will be checkerboard in design.

### **Loaf Sandwich**

Remove crusts from a loaf of bread and cut in slices lengthwise of loaf. Any number of such variations will be suggested for color. Or savory fillings may be combined in the one loaf—ground ham mixed with mayonnaise, cheese creamed with a few drops onion juice, sardine paste, chopped pickles, hard cooked eggs chopped fine.

Place the spread slices together in original form of loaf and press together. Cover with cream cheese softened with a little cream—coloring and garnishing as desired—and set in ice box to harden. Slice off as for bread, to serve.

### **Sandwich Rolls**

May be made of thinly sliced day old bread with crusts removed. Bread may be sliced across the loaf in ordinary manner or lengthwise of the loaf. Place on damp towel, spread with desired filling and roll carefully as for jelly roll. If bread is cut lengthwise, wrap roll in damp towel and put in refrigerator and chill. When ready to serve, cut in slices which will represent pinwheels. Two varieties of bread may be rolled together.

### Children's Sandwiches

Fancy cookie cutters in shapes of animals, birds, flowers, trees, etc., may be used to cut bread. A simple filling should be chosen. Sandwiches may be garnished to carry out the idea of the form of the sandwich. For instance, a chicken shaped sandwich may be covered with hard cooked egg yolk, creamed with butter, using cloves for eyes, carrot for beak and feet. Melted chocolate and chopped parsley could be used—or butter colored with vegetable coloring and spread or piped on.

3 tablespoons coffee . . . 3 cups water . . . white of egg

#### Oyster Soup

1 quart oysters . . . 1 quart milk . . . 2 tablespoons butter  
 2 tablespoons flour . . . 1 teaspoon salt . . . pepper

Drain oysters through wire strainer, saving liquor. Wash them in cold water, using 2 cups to each quart oysters. Examine each oyster carefully for bits of shell. Put the reserved liquor on to boil, skim and strain through double cheesecloth. Scald milk, thicken with flour and fat cooked together. Heat oysters in the cleared liquor until they grow plump and edges curl. Combine them with milk mixture and serve. Eight large servings.

#### Parsley Cubes

4 beaten eggs . . . 4 tablespoons milk . . .  $\frac{1}{2}$  teaspoon salt  
 4 teaspoons chopped parsley.

When eggs are beaten thick and smooth, add salt, milk and parsley. Grease a small square dish, pour in the mixture and bake in pan of boiling water in moderate oven until firm. Cut into small cubes and drop several into each soup service.

#### Roast Turkey with Stuffing

Allow 1 lb. turkey to each serving. Select a turkey that is young and plump.

*Cleaning and Dressing*—Pick off pin feathers, singe to remove hairs, cut skin near head and push back skin, disjointing head at base of neck. Cut skin around leg one-half inch below leg joint, being careful not to cut

tendons. Break bone with sharp rap and pull off foot. Make an incision below breastbone to tail. Keeping finger well against breastbone, reach carefully into body until heart is reached. Loosen membranes and remove entrails. In this mass are embedded the gizzard, heart and liver which are called giblets. The kidneys and lungs adhere close to the body wall and should be carefully removed. Cut skin on under part of throat and remove windpipe and crop. Remove oil bag and upper part of tail. Wash bird by allowing cold water to run through it, but do not let it soak in the water. Wipe inside and out, looking carefully to see that everything has been removed.

*Stuffing:* Bird is next stuffed. Use enough to fill the cavity, but do not overstuff, or the skin will crack while roasting. Sew openings together with stout clean thread.

*Trussing:* Draw thighs and wings close against the body and fasten securely with skewers or tie with string. Draw skin of neck to back and fasten with small wooden skewer.

*Roasting:* Place turkey, when stuffed and trussed, on its side on rack in dripping pan. Rub entire surface with salt, brush with soft butter or margarine and dredge with flour. Place in hot oven (550°) to sear. When well browned, reduce heat to moderate oven (400° F.). Baste with fat in pan, and add 2 cups boiling water. Continue basting every fifteen minutes until turkey is done, which will require about 4 hours for a ten-pound bird.

*Basting:* For basting use  $\frac{1}{2}$  cup melted butter in 1 cup boiling water, and after this is used, baste with liquor in pan. Turn turkey frequently that it may brown evenly.

*Gravy:* Pour off liquid in pan in which turkey is roasted. From liquid, skim  $\frac{1}{4}$  cup fat, return the fat to pan and brown it with 5 tablespoons flour. Add slowly 3 cups stock in which giblets were cooked. Or add 2 cups boiling water to dissolve the glaze in bottom of pan and substitute for broth. Cook 5 minutes, season with salt and pepper and strain; add the giblets, chopped very fine. If preferred, the giblets may be used for force meat balls or chopped fine after cooking, and mixed with stuffing.

*Giblets:* When cleaned and washed, the giblets should be simmered in water enough to just cover them, until tender. They may be served with the turkey if desired, or used with gravy or stuffing.

### To Prepare Giblets

Do not use giblets from old fowls, nor from young unless thoroughly sound. Healthy liver has light color and uniform texture. Remove membranes, arteries and clotted blood around heart. Separate gall bladder from the liver, taking great care that bladder is not pierced. Cut fat and membranes from gizzard, make an incision through the thick muscle of

gizzard, being careful not to cut membrane which holds grist. Peel muscle off. Wash giblets and cook until tender with neck and tips of wings, placing them in cold water and heating to boiling point. Stock is to be used for gravy. Cooked giblets themselves may be minced fine and added to the gravy. The smooth legs of a fowl less than a year old may be used. Scald with boiling water and skin and claw cases will peel off like a glove. Place in cold salted water and cook slowly. Three pairs of chicken feet will make a pint of jelly as fine, and just as nutritious as calf's foot jelly.

### Bacon Turkey Stuffing

½ cup bacon . . . 12 tiny button onions with a clove in each  
 ½ cup giblets, cooked . . . 5 cups bread crumbs . . . 4 celery tops (chopped)  
 1 teaspoon salt . . . 1 teaspoon pepper . . . dash of celery salt  
 1 teaspoon summer savory . . . 1 teaspoon Worcestershire sauce  
 2 cups giblets or soup stock . . . ½ cup grape juice

Brown bacon, remove from pan and chop. To the hot fat add onions and cook until clear, add giblets, bread crumbs and seasonings. Moisten with liquid in which giblets were cooked mixed with grape juice.

### Chestnut Turkey Dressing

2 cups cooked chestnuts . . . 1 cup dry bread crumbs . . . ½ cup hot water  
 1 teaspoon minced parsley . . . 1 teaspoon grated lemon rind  
 ⅓ cup melted shortening . . . 2 teaspoons salt . . . ¼ teaspoon pepper

Boil chestnuts and while hot put through ricer or mash. Mix crumbs and hot water, let stand for a few minutes. Mix all ingredients and put into turkey.

### Poultry Stuffing No. 1

3 cups fine bread crumbs . . . 1½ cups hot mashed potatoes  
 ½ cup celery, chopped fine . . . ¼ pound black walnut meats

Mix these ingredients together. The mashed potatoes should supply all the necessary liquid. If the potatoes are sufficiently seasoned, the stuffing will need no more.

### Poultry Stuffing No. 2

4 cups stale bread crumbs . . . 1 teaspoon salt  
 ¼ teaspoon pepper . . . ¾ cup melted butter

Mix ingredients in order given. This rule is sufficient for an eight pound turkey. Fine herbs may be added if desired. If the fowl is very large and a good deal of stuffing is liked the body may be filled with thin slices of bread well buttered, sprinkled with seasoning and dipped lightly in stock.

### Turkey Stuffing

2 cups cooked chestnuts . . . 1 cup dry bread crumbs  
 ½ cup hot water . . . 1 teaspoon minced parsley  
 1 teaspoon grated lemon rind . . . ⅓ cup shortening, melted  
 2 teaspoons salt . . . ¼ teaspoon pepper

Boil chestnuts and drain them. While hot, press through ricer or mash them. Mix crumbs and hot water, let stand few minutes. Then mix all ingredients together, and stuff into the turkey.

### Fluffy Potatoes

Boil and mash potatoes as usual. Season with hot milk, butter or margarine, salt, pepper and paprika. Beat well till fluffy and quite soft. Then, when just ready to serve, beat up an egg white stiff and fold it into the potatoes. Pile them high in a serving dish and slip under broiler to brown. Serve with a depression in center, filled with melted butter.

### Scalloped Pumpkin

1 cup cooked pumpkin . . . ¼ teaspoon salt . . . ⅓ teaspoon pepper  
 ⅓ teaspoon ginger . . . 2 tablespoons melted shortening  
 1 cup fine bread crumbs . . . 2 well beaten eggs

### Croutons

### Roast Duck, Fruit Dressing

Clean duck and roast until tender after filling with fruit dressing. Given amount fills two good-sized ducks. Do not pack too closely, as dressing swells.

2 apples . . . 1/2 pound large stoned prunes . . . 1/4 cup seeded raisins  
1/4 cup cracker crumbs . . . 1/2 teaspoon sugar . . . 1/4 teaspoon salt . . . 1 egg

Core, pare and slice apples, dropping them into salted water to keep them white. Pour boiling water over prunes, and when swollen remove stones. Add raisins, crumbs, sugar, salt and beaten egg to prunes, chopped fine, then add apples. Mix and stuff into the ducks before roasting them.

Serve with the duck an orange sauce, made by adding  $\frac{1}{2}$  cup drained orange juice to two cups gravy. A whole orange baked in duck and removed when duck is cooked absorbs strong odor and flavors duck as well.

1 lb. shortening . . .  $\frac{1}{2}$  lb. light brown sugar . . .  $\frac{1}{2}$  lb. cane sugar

1 cup egg yolks, well beaten . . . 2 tablespoons molasses

1 cup sour milk or cream . . .  $1\frac{1}{4}$  lbs. pastry flour

2 teaspoons nutmeg, cloves, allspice, cinnamon . . .  $\frac{1}{2}$  cup grape juice

4 teaspoons baking powder . . . 1 teaspoon baking soda

1 lb. each: seedless raisins, citron, and shelled nuts (almonds, hickory, pecans, Brazil and walnuts)

1 cup egg whites, beaten stiff

Chop the fruit and nuts together and dredge with flour. Then make up the rest of the ingredients into regulation cake batter, creaming sugar and shortening, adding egg yolks, then combined dry ingredients, molasses

with sour milk. It is good idea to brown  $\frac{2}{3}$  of the flour in oven before using. When batter is ready, add the chopped fruit, and fold in the stiffly beaten egg whites. If accessible, it improves the flavor to add cooking sherry to the fruit, letting it stand that way over night. Bake in loaf or large tube cake pans, in slow oven. Baked in one cake pan, takes 4 hours to bake.

Cake should be made several weeks before using. Keep it wrapped in wax paper in tin boxes. Top of cake may be decorated with candied fruit and nuts and covered with a sugar glaze. (See page 173.)

Add the mixed and sifted dry ingredients alternately with cream and beat all ingredients thoroughly. Bake in a well greased paper lined cake pan in a moderate oven about 1 hour.  $1\frac{1}{2}$  cups flour . . .  $\frac{1}{2}$  teaspoon salt . . .  $1\frac{1}{2}$  teaspoons baking powder

Cream the shortening and sugar thoroughly. Add one egg at a time, beating the mixture well continually. Add all the milk, stir well and then stir in the dry ingredients sifted together. Grease paper and line a loaf pan with it and bake in a slow oven 1 hour. The cake may be flavored with mace and vanilla or with a teaspoon of lemon juice.

 4 teaspoons baking powder . . . 1 cup milk . . . 2 cups hickory nut meats  
 $\frac{1}{2}$  pound citron . . . 1 pound raisins . . . 1 ounce candied lemon peel  
 1 ounce candied orange peel

Cream the shortening and sugar until well blended and then add the eggs one at a time, beating thoroughly. Add the dry ingredients sifted together and milk alternately and then fold in the fruit and nuts. Mix thoroughly. Line two cake (shallow) pans with paper. Bake the cake in two thin sheets in a slow oven for 1 hour. If baked in a large loaf, bake for 1 hour in a slow oven and then cover the top of the pan with a sheet of paper to keep the top from browning before the inside is thoroughly baked.

### Prince of Wales Cake

This is the English variation of the recipe.

### PART I.

$\frac{1}{2}$  cup shortening creamed with 1 cup brown sugar

Add 2 tablespoons dark molasses, then beat in the unbeaten yolks 3 eggs

To 2 cups flour add: 1 teaspoon cloves, 1 tablespoon cinnamon, 1 cup chopped raisins (or mixed currants and raisins) and add the dry ingredients to the creamed mixture alternately with:

$\frac{1}{2}$  cup sour milk, in which has been dissolved 1 teaspoon baking soda

PART II.

If desired, water frosting may be used.

Cream  $\frac{2}{3}$  cup shortening with 2 cups sifted flour. Add 1 teaspoon baking powder and  $\frac{1}{2}$  teaspoon salt to 1 cup eggs (takes about 5) before

beating; then beat eggs very light, gradually add to them  $1\frac{1}{2}$  cups sugar, beat well together, then combine with the flour paste, mixing well. Add flavoring and 1 tablespoon water, and beat the whole mixture well. Turn into a greased bread pan, and bake in slow moderate oven ( $325^{\circ}$ ) for at least an hour. This is a quick pound cake.

### Simnel Cake

2 cups margarine . . .  $2\frac{1}{4}$  cups brown sugar . . . 6 eggs . . . 3 tablespoons milk

 $\frac{1}{8}$  lb. sliced citron . . .  $\frac{1}{2}$  lb. almond paste (do not add to batter)

Combine the batter as for any fruit cake.

Now, this is where this cake is different from other fruit cakes. After the cake batter is mixed together, beat it hard for 10 minutes. Then spread half of it in a greased and floured cake pan, cover with a layer of the almond paste rolled thin and cut large enough to come almost to the edges of the cake. Then spread the rest of the cake batter over the paste.

Bake the cake in slow oven ( $300^{\circ}$ ) for about 3 hours; or it may be steamed for  $2\frac{1}{2}$  hours. Ice it with water and sugar icing, but not until after the third day after the cake is baked. Store in crock or tin box.

### Pecan Cake

1 lb. seeded raisins . . . 1 lb. shelled pecans . . .  $\frac{1}{2}$  cup cut candied orange peel

### COOKIE JAR DAYS

"Remember way back when"—you were in school, and came tearing into the house about 3 o'clock, bringing several friends with you, all of you starved to death? And you raided the cookie jar! Those were the days when mother had an eye to the appetites of youthful size, and kept the old cookie jar amply filled!

They were never the same kind of cookies, exactly. Sometimes they were gingerbread men; again they were the great big round, soft molasses kind, with a raisin plum in the middle; or they were thick, sugar-covered ones; or spicy and nutty rocks; all kinds of cookies for hungry kiddies!

And oh, the joys of Saturday mornings, when all these delightful things were in the process of making—and if you were good and minded mother, *maybe* you could have a tiny batch of dough all your own, to roll out and cut in shapes as fancy dictated! You could put the pan in the oven all by yourself, too, and watch them rise as they baked!

Then there was the day when you were first allowed to mix up your own big batch, and you had to call for mother because you didn't get the dough stiff enough before you tried to roll it, and it stuck to the board in spite of all your flouring! Those were the days!

Today, cookies may still be made, of course, even tho they are available in stores everywhere. But you don't have to bother to roll them all out—you may drop them from a spoon; or if you are real smart, you may pack the dough into a bread pan, put it in the ice box over night, and in the morning you may slice the cookies down with a knife, just like you would a loaf of bread! What do you think of that? And a whole big batch may be baked at one baking, on a convenient-sized baking sheet!

Why not give your children a few of the old-fashioned delights of your own youth? It isn't hard to make good cookies, and they are so satisfying, to say nothing of being delicious and tasty!

A cookie or two on the plate in front of the child at supper time, will entice away a goodly amount of plain bread and milk; it is lots easier to

find the bottom of a glass of milk, if one has at least *one* eye on a gingerbread man nearby! At dinner time, one's custard, or nice spinach—which is so good for one, but spinach just the same!—have a habit of disappearing miraculously if there is a cookie in the offing! Besides, the meal always tastes better, if one may take a cookie away from the table with one, and munch it thoughtfully on the way back to school!

Much hospitality may be dispensed at cambric teas for the entertainment of the child's small friends, if they may be sure of cookies as well as the cambric tea! It might even be, that one might use mother's good china for such a party, too, and learn how to have afternoon tea just like grown-ups! And instead of rich sandwiches and cakes, like mother's friends have, they'll have cambric tea and cookies—great big cookies, too!

The cookie recipes following are listed as Christmas Cookies, but may be made any other time just as well. Try some of them, keep them in a cookie jar, and you will always be ready for unexpected company.

## CHRISTMAS COOKIES

### Fancy Cookies Without Cutters

Instead of buying an assortment of cookie cutters, simply cut the design you want from stiff paper or cardboard, lay it on your cookie dough, and cut around it with a sharp knife. Thus you may make any number of unusual and original designs.

## CHRISTMAS CANDIES

### White Fondant

2½ lbs. sugar . . . 1½ cups hot water . . . ¼ teaspoon cream of tartar

Put ingredients into a smooth granite stewpan. Stir until dissolved and heat gradually to boiling point. Boil without stirring at a temperature of 238° F. or when tried in cold water, a soft ball is formed that will keep its shape. If sugar adheres to sides of kettle, it should be washed off with the hand or a brush, first dipped in cold water. Pour slowly on a slightly oiled marble slab or platter. Do not scrape pan. Let stand for a few minutes to cool or until pressing it with the finger it leaves a dent on the surface and yet has formed no crust. If stirred while too warm, it will grain. If by chance a crust forms, every particle of it must be taken off or else the boiling must be done again, as it shows it has cooked a little too long. When it will dent, use a paddle or scraper to cream mixture. The paddle or scraper is a broad flexible steel blade with a wooden handle.

Gather the candy up around the edges of the platter and turn it into the center, with a forward motion of the paddle, gather up as much as possible of the candy, then turn the paddle over and press the mass against the platter with a returning backward motion. As mass thickens, it will become easier to handle.

As soon as the candy becomes firm and creamy, gather it together on the platter and stop working. The candy will be hard now and is called fondant. If needed immediately, it can be softened by kneading with the hands. If not needed immediately, place in a crock and cover tightly or with a moistened cloth. If stored properly it will keep for weeks.

### Uncooked Coffee Fondant

1½ tablespoons butter . . . 2¾ cups soft brown sugar . . . 1 tablespoon cream  
2 tablespoons coffee essence . . . ½ teaspoon vanilla

Cream the butter with a little sugar. Add the cream slowly and work in more sugar. Then add the coffee and keep working in the sugar. Salt may be added to the coffee. Add the vanilla and work in all the sugar, knead well, cover with damp cloth for an hour. Put into a jar and keep on hand for coffee confections.

### Fondant Logs

Roll fondant into small cork shaped pieces, make very smooth and evenly shaped. Dip in melted chocolate, and before the chocolate is thoroughly set, drop into chopped walnuts. The logs should be well covered with nuts.

### Potato Fondant, Uncooked

½ cup prepared Irish potatoes . . . 1 egg white, unbeaten . . . confectioner's sugar

Potato fondant is another base—even more useful than potato paste—upon which many confections may be built. There are two kinds—cooked and uncooked. To make uncooked, boil or steam Irish potatoes, drain and force them through fine sieve. In all candy-making with potatoes, these directions are of utmost importance. Unless potato is carefully forced through fine sieve, candy made from it will have hard and gluey spots after it has dried out. Mix ½ cup of potato so prepared with unbeaten white of 1 egg. Add gradually confectioner's sugar until whole mass assumes consistency of bonbon cream. Several uses for potato fondant will be described below but it may be substituted for French fondant in any of the confections of which this is a part.

### Potato Fondant, Cooked

½ cup prepared potato . . . 2 cups sugar . . . ⅔ cup milk

With ½ cup cooked potato, pressed through a fine sieve, prepared as for uncooked fondant, very thoroughly mix 2 cups sugar and thin with ⅔ cup milk. The "fine sieve," be it noted, plays a conspicuous and important part in making of candy from vegetables. Moreover, it should be borne in mind that no vegetable particle will either soften in or cook up into syrup. While cooking, vegetable particles are just as individual as though they were in separate vessels, consequently, they must be kept circulating as uniformly as is possible through syrup in order to prevent accumulation of masses of vegetable matter of sufficient bulk and weight to sink to bottom of sauce pan and cause mixture to burn. Moreover, should mixture escape burning, it would develop gluey spots that would make the finished product lacking in smoothness, that is the idea of the

candy-cook. Place mixture on an asbestos mat over fire and cook until thick—to sticking point. Pour mass on cold damp marble and “cut in” like plain fondant. Knead small quantities at a time until whole batch is smooth. Pack in tins lined with waxed paper. Fondant can be used without additional sugar and does not stick to hands. It is particularly useful as covering.

### Chocolate Bonbons

Make small balls of the uncooked fondant and press into little flat cakes. Make a dent in the middle and drop a preserved strawberry in. Dip gently into melted chocolate and set aside to cool. When cold, wrap around with more fondant and then dip in chocolate again. The bonbons may be varied by adding nuts or candied fruit to the fondant instead of the preserved fruit. A small piece of preserved ginger makes a delicious filling for these coffee dainties.

### Coffee Fudge

 $\frac{1}{2}$  cup corn syrup . . .  $\frac{1}{2}$  cup water . . .  $\frac{1}{4}$  teaspoon salt  
 2 egg whites, beaten stiff

Put the popped corn through a meat grinder. Boil the sugar, syrup, water and salt until a little past the soft ball stage. Remove from fire and pour upon stiffly beaten egg whites. Beat until smooth. With this quantity of syrup, use  $2\frac{1}{2}$  cups of ground popped corn; pour into buttered pan and when partly cold, mark into squares.

### Chocolate Caramels

2 tablespoons butter . . . 2 cups corn and cane syrup  
 $\frac{1}{2}$  cup evaporated milk . . . 4 tablespoons cocoa . . .  $\frac{1}{4}$  teaspoon vanilla

Melt the butter in saucepan, stir in syrup and milk. When heated, add

cocoa. Stir frequently while cooking. Boil until when tried in cold water a firm ball may be formed in the fingers. Add vanilla. Beat until cool. Pour into buttered pan, cool and mark in squares. Wrap each square in oiled paper.

### Salted Almonds

Blanch  $\frac{1}{4}$  pound almonds and dry on towel. Put  $\frac{1}{3}$  cup clear oil in very small sauce pan. When hot put in almonds and fry until delicate brown, stirring almonds constantly. Remove with spoon or skimmer, taking up as little oil as possible. Drain on brown paper and sprinkle with salt. Cook rest same way, small quantity at a time.

### Chocolate Coated Nuts

Melt 3 squares bitter or sweet chocolate in a double boiler. Dip nuts in chocolate and place in clusters on waxed paper to cool. If more than 3 nuts are desired for 1 piece, other nuts may be dipped and placed on top of cluster.

### Chocolate Chips

1 cup molasses . . .  $\frac{2}{3}$  cup sugar . . . butter size of walnut . . . vanilla

Boil until hard. Pull thin. Cut in small pieces. When cold, dip in hot melted chocolate, flavored with vanilla. Either sweet or bitter chocolate may be used, but it must be melted over hot water.

 $\frac{1}{3}$  teaspoon vanilla . . .  $\frac{1}{4}$  teaspoon salt . . . 1 cup chopped nuts

Combine all the ingredients except the nut meats. Boil slowly until a little dropped in cold water makes a soft caramel ball (249° F.). Stir in the nuts, beat for a few minutes, pour into a buttered pan or one lined with wax paper. Do not have the mixture more than 1 in. thick. When it begins to set, score off into squares.

### Cherry Foams

2 cups granulated sugar . . .  $\frac{1}{2}$  cup water . . .  $\frac{1}{4}$  teaspoon vanilla  
2 egg whites, beaten stiff . . . candied cherries

Boil granulated sugar in water without stirring until the syrup will thread. Add vanilla, and pour slowly upon the beaten whites of the eggs, beating continuously until stiff enough to drop from a teaspoon upon buttered paper. Before candies cool, press  $\frac{1}{2}$  candied cherry into the top of each. If preferred, beat the cherries into candy, and when creamy pour it into buttered pans.

### Cream Candy

6 cups sugar . . . 2 cups water . . .  $\frac{3}{4}$  cup butter . . .  $\frac{1}{2}$  tablespoon vanilla

Mix sugar, water and butter, and boil, without stirring, to the hard ball stage ( $262^{\circ}$  F.). Pour on ice cold, buttered marble slab, cool slightly, flavor, then pull until white. Mark into squares. This will become creamy in 24 hours. Any flavoring may be added.

### Molasses Candy

1 cup molasses . . . 1 cup brown sugar . . . 1 tablespoon vinegar  
2 teaspoons butter . . . 1 teaspoon soda

Mix ingredients and boil until mixture hardens when dropped in cold water, then add 1 teaspoon soda; mix quickly and pour into buttered pans. When cool enough to handle, pull and cut into sticks. Put nothing on hands while pulling; keep hands cool. Nut meats may be stirred into candy just before pouring into pans.

### Molasses Puffed Rice Bars

1 cup molasses . . .  $\frac{1}{2}$  teaspoon soda . . . 1 teaspoon vinegar  
1 tablespoon butter . . .  $\frac{1}{2}$  to 1 cup puffed rice

### English Toffee

2 cups brown sugar . . . 4 tablespoons molasses . . . 4 tablespoons water  
2 tablespoons butter . . . 3 tablespoons vinegar

Mix ingredients in sauce pan. Stir until it boils and cook until brittle when tested in cold water. Pour in greased pan. Cut into squares before cool.

### Popcorn Balls with Nuts

3 qts. popped corn . . . 1 cup roasted peanuts . . . 1 cup broken walnuts  
1 tablespoon butter . . . 1 cup molasses . . .  $\frac{1}{2}$  cup sugar

Remove from popped corn, all the kernels that have not popped. Mix in the peanuts and walnuts. Mix together the butter, molasses and sugar and boil until it is brittle when tested in cold water. Pour this over the popcorn and shape into balls.

### Taffy

Put into a sauce pan  $2\frac{1}{2}$  cups sugar and  $\frac{1}{2}$  cup water; stir until it dissolves; then wash the sides of the pan with a damp cloth and let the syrup boil without stirring until it reaches the soft ball stage ( $238^{\circ}$  F.). Add

1 tablespoon butter and  $\frac{1}{2}$  teaspoon lemon juice and boil to the hard crack ( $310^{\circ}$  F.); add 1 teaspoon vanilla and turn on an oiled slab or a tin to cool. Mark it off into squares before it becomes cold.

### Bean Taffy

$\frac{1}{2}$  cup beans . . . 2 cups granulated sugar . . .  $\frac{1}{2}$  cup water  
1 tablespoon butter . . . 1 cup milk

Bean taffy easily takes first rank among all taffies—vegetable or otherwise. The taste is good beyond words, and consistency is pleasantly “chewy” without being tenacious to point of teeth pulling! Lima beans are best to use as basis because skins can easily be removed, but ordinarily, dried beans may be substituted if care is taken. Cover beans with cold water, let them stand over night; next morning boil them until soft and force through fine sieve to remove all skins. Boil together the sugar, water, butter and  $\frac{1}{2}$  cup beans prepared as above. After mixture has boiled thoroughly, add 1 cup of milk, adding milk  $\frac{1}{3}$  at a time. Stir mixture and let it boil a few minutes after each addition of milk. When thermometer registers ( $242^{\circ}$  F.), pour mass on to an oiled marble between oiled candy bars so that it will set about  $\frac{1}{4}$  in. thick. As with ordinary taffy, cut into pieces of desired size.

### Peanut Brittle

1 cup granulated sugar . . .  $\frac{1}{4}$  cup chopped peanuts

Heat sugar until it is melted, stirring constantly. Add chopped nuts and pour quickly on greased pan. Mark into squares when slightly cooled.  $\frac{3}{4}$  cup peanuts in shell equals  $\frac{1}{4}$  cup meats.

### Hard Candies

Cover the bottom of a well buttered, shallow pan with nut kernels—hickory, walnut, pecan, blanched almond, strips of cocoanut, bits of figs, dates and the like. Boil together a lb. of sugar and  $\frac{1}{2}$  cupful of cold water until it becomes brittle when dropped into cold water. Add 1 tablespoon of lemon juice to the candy when it is done and pour it over the fruits and nuts in the pan. When cold, mark into squares and strips.

### Date and Peanut Goody

1 cup roasted peanuts . . . 2 tablespoons fruit juice . . . 1 cup stoned dates

Put dates and nuts through meat chopper, using coarse blade, moisten with fruit juice, cool, roll into small balls and place on platter to harden.

### Marshmallows

2 tablespoons gelatine . . . 2 tablespoons cold water . . . 2 cups sugar  
 $\frac{1}{2}$  cup hot water . . .  $\frac{1}{4}$  teaspoon cream tartar . . . 1 egg white, beaten stiff

Soften gelatine in cold water. Boil sugar and water and cream of tartar until it spins a thread. Pour hot syrup over softened gelatine, stirring continually. Add this mixture to beaten egg white and beat until thick. Pour into pans well sprinkled with powdered sugar and sift well over top.

### Pineapple Marshmallows

2 cups sugar . . .  $\frac{1}{2}$  cup water . . .  $\frac{1}{2}$  cup honey . . . 18 marshmallows  
2 egg whites, beaten stiff . . . 1 cup chopped candied pineapple

Heat the sugar, water and honey on a slow fire. Then boil rapidly until it threads. Add the marshmallows, cut in pieces and beaten whites of eggs. Beat until mixture is creamy, then add the candied pineapple. When quite firm, pour into an oiled pan and sprinkle with powdered sugar.

### Mexican Cocoanut Kisses

1 cup molasses . . .  $2\frac{1}{2}$  to 3 cups shredded cocoanut . . .  $\frac{1}{8}$  teaspoon soda

Add soda to molasses and put on stove and boil until syrup reaches "soft ball" stage. Remove from fire, stir in cocoanut and beat until mixture begins to cool. Shape in small 1 in. balls.

### Stuffed Prunes

25 large prunes . . . 2 tablespoons citron . . . 1 tablespoon candied ginger  
 $\frac{1}{4}$  cup nuts . . .  $\frac{1}{2}$  cup dates . . . 1 teaspoon lemon juice . . . granulated sugar

Wash the prunes and steam for 10 minutes, then remove the pits. Put the citron, ginger, nuts and pitted dates through the food chopper. Add lemon juice and mix well. Stuff the prunes with this mixture then roll in sugar.

### Bitter Sweets

$\frac{1}{2}$  cup raisins, seeded . . .  $\frac{1}{2}$  cup dates . . .  $\frac{1}{4}$  cup chopped nuts  
 $\frac{1}{4}$  cup Maraschino cherries . . . 6 squares unsweetened chocolate

Chop raisins, dates, nuts and Maraschino cherries fine. Mix well and form into balls. Melt chocolate in double boiler. Dip fruit balls into melted chocolate and place on oiled paper to cool. Sweetened chocolate may be used, if preferred.

### Honey Puffs

3 cups sugar . . . 1 cup cream . . .  $\frac{1}{4}$  cup honey . . . 1 egg white, beaten stiff  
 $\frac{1}{2}$  cup nut meats . . .  $\frac{1}{2}$  cup candied pineapple

Boil sugar and cream until it will almost thread, and add honey. When it reaches soft ball stage, take from fire and beat it into stiffly beaten white of an egg. Continue beating for 1 minute and add nuts and pineapple chopped. Beat until firm and creamy, and shape into balls between fingers with wet napkin, then cool. A few grains of salt adds to flavor.

### Pecan Pralines

1 lb. brown sugar . . .  $\frac{1}{4}$  cup water . . .  $\frac{1}{4}$  cup butter . . . 2 cups whole pecan meats

Stir sugar, water, and butter together over slow fire until sugar is thoroughly dissolved. Add pecans and boil until thermometer registers (254° F.) or until mixture forms hard ball when tested in cold water. Have ready large slab, clean and well oiled and drop mixture like pancakes, allowing them to spread out until about  $\frac{1}{3}$  in. thick and 5 in. in diameter. Work quickly.

### Pineapple Rings

Select pineapple that has been canned whole, and cut into rings  $\frac{1}{4}$  in. thick, or use sliced canned pineapple; simmer in thick syrup until it is firm and candied. Remove from syrup and place them in draining pan that has been well greased. When dry, dip the rings in melted sweet chocolate, and sprinkle with grated nut meats.

### Candied Orange Peel

Cut orange skin in quarters, cover with cold water, bring to boiling point and cook until soft. Drain, remove white portion and with scissors cut yellow into thin strips. Boil  $\frac{1}{2}$  cup sugar until syrup threads when dropped from tip of spoon. Cook strips in syrup 5 minutes, drain and coat with fine granulated sugar. The candied peel of grapefruit is done the same way.

### Cherry Roll

3 cups sugar . . .  $\frac{1}{4}$  teaspoon salt . . . 1 cup sour cream  
1 cup candied cherries, cut in halves . . .  $\frac{1}{2}$  cup nut meats, chopped

Boil sugar, salt and cream until it forms a soft ball. Cool. Add nuts and cherries and beat until stiff enough to knead. Form into roll and slice when cold in  $\frac{1}{2}$  in. slices.

### Popcorn Balls

Make an old-fashioned molasses candy, and just before removing from the fire, stir in enough popcorn to thicken it. Take mixture out by spoonful and roll, as soon as it can be handled, into balls, then roll these over and over in kernels of popcorn until no more will adhere to balls.

### Holiday Coconut Balls

$\frac{1}{4}$  teaspoon maple flavoring . . .  $\frac{1}{3}$  cup corn syrup . . .  $\frac{1}{4}$  cup currants  
 $\frac{1}{2}$  cup raisins . . . 1 cup shredded cocoanut . . . few grains salt

Pour flavoring into corn syrup, add chopped fruits and cocoanut to form stiff loaf. Pack in small cake pan  $\frac{3}{4}$  in. in thickness. Chill in refrigerator and roll in small balls. Dust with mixture of  $\frac{1}{2}$  corn starch and  $\frac{1}{2}$  sugar.

### Fruit Balls

Chop raisins, dates and nuts fine and form into round balls size of marble. Dip in cocoa coating and place on oiled paper to cool.

### Cocoa Coating

½ lb. cocoa . . . 2 tablespoons butter . . . 2 tablespoons water

Cream butter and cocoa and put in small sauce pan over water to melt. Add water. If too thick, add a little more water. Keep warm while dipping the fruit balls.

### Chocolate Sausage

¼ lb. bar sweet chocolate . . . 1 cup powdered sugar  
½ cup blanched almonds, cut fine . . . 1 egg, slightly beaten  
1 teaspoon vanilla . . . few grains salt

Melt the chocolate carefully over hot water. Add sugar, almonds, egg and vanilla. Form into a roll on waxed paper, which has been well covered with sifted powdered sugar. Put in cool dry place for 24 hours before cutting.

### Almond Hardbake

Blanch some almonds and split them in two. Dry them in a moderate heat without coloring them. Lay them with the flat sides down on an oiled layer cake pan, entirely covering it. The almonds may be laid in regular order, like wreaths, or in groups like rosettes, if desired. Pour over the nuts enough sugar and water boiled to the crack, to entirely cover them. Mark off squares or circles on the candy while it is warm and it can be broken in regular pieces when cold.

### Caramelized Nuts

Boil 1 cup sugar and ½ cup water to the crack, or to the caramel, as preferred; add a few drops of lemon juice. Blanch a few almonds and dry without coloring them. Drop 1 at a time into the sugar; turn the almond until well covered without stirring the sugar; lift it out with bonbon fork and place on oiled paper or slab. Do not drain the nuts when lifting them out and enough sugar will remain to form a clearing of candy around each one. English walnuts, filberts, or any other nut may be used in the same way. They should be warm, so as not to chill the candy. The work should be done quickly. If the sugar becomes hard before the nuts are done, return it to the fire to heat. Add 1 teaspoon water if necessary and boil to the right degree again. If the sugar is boiled to the crack, the candy will be without color; if boiled to the caramel, it will be yellow.

### Dipped Walnuts

Melt fondant over hot water and flavor. Dip ½ of walnut as bonbon centers are dipped. Halves of pecans or whole blanched almonds may be similarly dipped.

### Cream English Walnuts

For this use the large English walnuts, cracking them carefully so as not to break the kernels. Remove each half in one piece and free it from all bits of shell. Heat over boiling water  $\frac{1}{2}$  lb. of fondant. Flavor with a teaspoonful of vanilla extract; stir until it becomes creamy, and dip into it with a pair of small sugar tongs the half of the walnut. Lift it out carefully and lay on the waxed paper until it is dry.

### Mocha Walnuts

1 egg yolk, well beaten . . .  $\frac{1}{2}$  cup Irish potatoes . . . 1 teaspoon coffee extract  
Confectioner's sugar . . . 1 cup English walnut meats

Beat egg yolk to a cream, add potatoes, boiled, drained and forced through a sieve, as described in Potato Fondant, and coffee extract. Gradually stir in confectioner's sugar until mass can be made into soft balls. Flatten these balls, press on walnut meats, and spread to dry. If desired for packing, dip them into crystal cooked to ( $220^{\circ}$  F.). To insure good surface and keep cream from drying out, it may be well to dip candy again after letting it dry for a day.

### Tutti-Frutti Candy

1 cup figs . . . 1 cup seeded raisins . . . 1 cup dates  
1 tablespoon candied citron . . . 1 cup hickory nut meats . . . 2 tablespoons fruit juice  
 $\frac{1}{4}$  teaspoon ground cloves . . .  $\frac{1}{4}$  teaspoon salt

Wash figs, raisins and dates. Remove stones from dates, place fruits together with citron in wire sieve over kettle of hot water. Keep covered and steam for 10 minutes. Remove and allow to cool. Add nut meats and put all ingredients through a meat chopper. Add fruit juice, salt and cloves, mix thoroughly. Roll into small balls 1 in. in diameter.

### Fruit and Nut Paste

2 cups dates, pitted . . . 1 cup peanut butter . . . 1 teaspoon salt  
Candied lemon or orange peel . . . a few currants

Wash and dry dates and put through a food chopper. Add peanut butter and salt. Mix well. Take single spoonful and form into balls, shaped like small apples. Roll in a little sugar. Press into each a currant to represent the blossom end and a piece of peel for the stem.

### Christmas Fruit Paste

2 teaspoons cornstarch . . . 2 tablespoons cold water . . .  $\frac{1}{3}$  cup corn syrup  
1 tablespoon gelatine . . . 2 tablespoons cold water . . . 1 tablespoon orange juice  
 $\frac{1}{2}$  cup nuts . . .  $\frac{1}{2}$  cup dates . . .  $\frac{1}{2}$  cup raisins

Dissolve the cornstarch in 2 tablespoons of cold water. Put the corn syrup in a granite kettle and heat it to the boiling point. Add the dissolved

cornstarch. Soak the gelatine in 2 tablespoons of cold water and 1 tablespoon of orange juice, for  $\frac{1}{2}$  hour. Add to it the hot syrup and remove from the fire. Stir until the gelatine is well dissolved. Add the nuts and fruits. Pour into cake pan that has been well dusted with powdered sugar and cornstarch ( $\frac{1}{2}$  of each). Cool and cut in  $\frac{3}{4}$  in. squares. Roll in powdered sugar.

Add shortening and sugar creamed, eggs well beaten, raisins or currants which have been floured, remainder of flour or enough to make a moderately soft dough, and salt. Turn out on board, knead lightly and place in greased bowl. Cover and set aside in warm place until double in bulk, which should be in about 2 hours. For each egg allow ⅓ teaspoon salt, shake of pepper, 1 tablespoon liquid (milk, cream, stock, tomato, etc.). Break whites and yolks separately, beating each until very light. Add liquid and seasoning to yolks, fold yolks into white, stirring as little as possible. Have omelet pan hot, melt in it 1 teaspoon shortening; turn in omelet and cook over slow fire until well browned on bottom, then set in oven until top is set. Fold carefully not to break crust and turn onto hot dish. Serve at once. Allow one egg to each service.

### Additions Which Dress Up the Light Omelet

Three tablespoons fresh mushrooms, peeled, chopped and fried lightly in just enough shortening to keep from sticking; 1 cup stewed kidney. Serve with tomato sauce, adding to it extra gravy from kidneys; three sardines skinned and boned, broken into bits and seasoned lightly with cayenne and lemon juice;  $\frac{1}{2}$  cup Lyonnaise potato.

### To Fold and Turn Omelet

Hold an omelet pan by handle in left hand, with knife make 2-inch cuts opposite each other at right angles to handle, place knife under omelet nearest handle, tip pan slowly over to hot platter, pass knife under omelet slowly when omelet will fold out.

## EASTER DINNER MENU

*Broiled Ham, Platter Gravy*

*New Potatoes and Peas*

*Water Lily or Easter Salad*

*Hot Biscuits*

*Currant Jelly*

*Angel Cream*

### Broiled Ham, Platter Gravy

Score the fat of inch-thick slice of ham, rind removed. Broil until brown on one side, turn to other and brown that. Rub with brown sugar while broiling. Serve the juice that runs into the broiling pan as the platter gravy, diluting it with water if desired.

### New Potatoes and Peas

Boil new potatoes and new shelled peas separately. When both are tender, combine them, butter generously, add a little cream, salt and pepper and minced parsley. Mix around in pan, pour into serving dish and serve with the ham from table.

### Water Lily Salad

6 eggs hard cooked . . . 1 head lettuce . . . boiled salad dressing

Wash lettuce and reserve twelve medium sized leaves and cut rest into thin shreds. Remove shells from hard cooked eggs;  $\frac{1}{2}$  inch from each end of each egg, start cutting about six slanting lines at equal distances from each other, cutting clear through the white. Now cut six slanting lines the other way, starting at the same point, these lines should not be cut nearer the ends of the egg than half an inch. Lift up the points carefully and remove yolks, laying lilies on beds of shredded lettuce. Mix the yolks with boiled dressing, form balls and place in center of lilies. Serve cold.

### Easter Salad

Lay on individual plates four crisp pieces of Romaine in fan shape and between the stalks lay thin, wedge shaped pieces of hard cooked egg. On each of the leaves place small balls made from chopped pickled beets, capers, minced celery and thick mayonnaise dressing and garnish with tiny pink radishes and a few asparagus tips.

### Angel Cream

Make angel food cake in small muffin pans. Break them in two when cold, place two parts in serving dish, pour whipped cream over each lower portion, place top of cup cake on the cream, add another portion cream and top off with chopped candied fruits and nut meats. Chill thoroughly next to ice before serving.

### Easter Egg Desserts

Another very pretty dessert is accomplished by molding any light cream mixture, with fruit, in the large melon molds. A realistic easter egg, large size, may be obtained by forcing vanilla ice cream into wet melon mold, filling center with orange ice, and topping off with vanilla ice cream again. This is served immediately. Turn the mold out onto cold platter, cut in slices and serve with angel food.

## FRENCH DINNER

### *French Vegetable Soup*

#### *Pilou Francais*

### *Lima Beans Neufchatel*

#### *Apple Meringue*

### French Vegetable Soup

Cut up equal quantities of a variety of left-over vegetables. Brown them all in frying pan with butter or margarine, add just enough water to cover, season with salt, pepper, paprika, and cook till tender. Drain, press through a sieve, and return pulp to the liquid in which vegetables were cooked. Serve very hot, with small squares toasted bread.

### Pilou Francaise

2 chickens . . .  $\frac{1}{2}$  cup rice . . . 2 tablespoons butter . . . 2 egg yolks  
Bread crumbs

which have been cut up for fricassee on top of rice. Add the remaining chicken broth, then cover the fowl with rest of rice. Smooth over top, spread over it the well beaten egg yolks, and sprinkle with bread crumbs. Dot bits of butter over it. Set in hot oven until browned, serve hot.

### Lima Beans Neufchatel

2 cups fresh lima beans (or canned ones) . . . 1 teaspoon salt  
 ¼ cup butter or margarine . . . 1½ cups milk . . . 2 beaten egg yolks

Cook beans in boiling salted water till tender. If using canned beans, heat in own liquor. Drain, remove skins by slipping them off, and return to pan. Add everything else except eggs, finish cooking. Just before serving, add the beaten egg yolks, and serve immediately.

### Apple Meringue

Cover bottom and sides of baking pan with toasted bread, wet with hot milk. Core a dozen apples, and cook them whole. Sweeten them with sugar, season with nutmeg.

Beat 3 egg yolks with a little sugar and pour over the apples, which have been placed in the baking pan. Cover with stiffly beaten egg whites (3) and bake in slow oven 325° about 5 minutes.

## CHINESE DINNER

### *Tea*

*Gai Grun Yung Waa*

*Egg Fou Yung*

*Chicken Chow Mein*

*Lai Yut*

---

### Gai Grun Yung Waa

This is Birds Nest Soup. Combine ½ lb. Irish moss with 2 cups chicken stock, ½ lb. cooked breast meat of chicken, 1 cooked egg, ¼ cup minced ham, salt and pepper. The Irish moss or seaweed is first boiled ½ hour, until very soft, then drained and put in cold water. The chicken meat is pounded to pulp and 1 cup of the cold stock, in which the moss was cooked, is added. The moss is then removed from the cold water, drained and put into sauce pan to cook ½ hour, being covered with water. The chicken meat and egg are added.

### Egg Fou Yung

For each service, beat 1 egg with 1 tablespoon water, little salt and pepper. Cut 1 small onion very fine, cook 3 minutes in 2 tablespoons fat. Add

$\frac{1}{4}$  cup bean sprouts (canned) in small pieces,  $\frac{1}{2}$  cup raw chicken, stir until meat is cooked through.

Put 1 teaspoon fat in small omelet pan, when hot put in 2 tablespoons of the egg mixture, shake it around in pan and cover it with two tablespoons of the chicken mixture, then with the rest of the egg mixture. Cook slowly till brown underneath, turn like pancake and brown other side. Serve with Fou Yung Sauce.

### Fou Yung Sauce

Melt 2 tablespoons butter, add  $\frac{1}{2}$  slice chopped onion and 2 tablespoons bean sprouts. Add 2 tablespoons flour, smooth it with the other mixture, then add 1 cup boiling water in which a bouillon cube has been dissolved. Boil 1 minute. Add  $\frac{1}{2}$  teaspoon Soy Sauce, and salt and pepper.

### Chicken Chow Mein

Cook  $\frac{1}{4}$  pound noodles (thin string variety) in a quart of hot peanut oil till crisp, then drain them.

Cut  $\frac{1}{2}$  lb. pork or chicken and  $\frac{1}{2}$  lb. lobster or veal into small pieces, fry 5 minutes in frying pan, then let it simmer in butter. Add well chopped vegetables—half bunch celery, 1 onion,  $\frac{1}{2}$  lb. dried mushrooms—and simmer till tender.

Place the noodles in bottom of flat dish, pour the meat and vegetable mixture over them, topping off with slivers of boiled or baked ham and yolks of hard cooked eggs.

### Lai Yut

Make a pastry dough, using rice flour. Roll dough out, brush it with whites of two beaten eggs. Fold dough over several times, each time brushing with egg. Then roll dough out again like cookie dough, and cut into rounds.

Make a filling of 2 cups lychee nuts stoned and mashed to a pulp,  $1\frac{1}{2}$  cups sugar, 1 teaspoon mixed spices and 1 cup crystallized limes, all mixed. Put filling into the dough placed in tart shells. Bake.

## PARTY PASTRY

### Sweet Pastry Dough No. 1

2 tablespoons shortening . . . 1 cup flour . . .  $\frac{1}{2}$  teaspoon baking powder  
 $\frac{1}{4}$  cup sugar . . . 1 egg

Mix dry ingredients, cut in butter, add egg. Chill and roll. This will make 5 tart shells.

**Sweet Pastry Dough No. 2**

2 egg yolks . . .  $\frac{1}{4}$  cup cold water . . . 1 cup shortening . . . 2 cups flour  
 $\frac{1}{3}$  cup sugar . . . 1 lemon (juice and rind)

Beat egg yolks, add water; combine dry ingredients and mix with egg, then lemon juice and rind. Chill before rolling. This will make 10 tart shells.

**Sweet Cheese Pastry**

$\frac{2}{3}$  cup shortening . . . 3 ozs. cream cheese . . . 4 tablespoons sugar  
2 cups flour

Mix shortening and cheese together, add flour and sugar and mix well. Chill in the ice box over night. This will make 2 crusts.

**Vienna Tarts**

$\frac{1}{2}$  cup cottage cheese . . .  $\frac{1}{3}$  cup shortening . . .  $1\frac{1}{4}$  cups flour

Mix together with a fork until smooth. Chill well. Roll into thin sheet and cut in 3 inch squares. Drop a spoonful of jelly or sweetened fruit in centre, and press edges to form any shape desired. Bake in a quick oven.

**MacDonald's Hot Water Pastry**

2 cups flour . . . 1 teaspoon salt . . . 1 cup shortening . . .  $\frac{1}{2}$  cup boiling water

Pour boiling water over shortening, dissolving it. Then sift in dry ingredients, stirring quickly, and kneading in well, making sure of a good, smooth dough. Roll out on slightly floured board. Bake in hot oven. This will make 2 crusts.

**Puff Paste**

$1\frac{1}{2}$  cups flour . . .  $\frac{1}{2}$  teaspoon salt . . . 1 cup shortening . . . ice water

Cut 2 tablespoons shortening into sifted dry ingredients. Moisten to a dough with ice water, pat and roll about  $\frac{1}{4}$  inch thick on slightly floured board. Dot paste with  $\frac{1}{3}$  of remaining shortening. Dredge lightly with flour, fold from ends toward center, then double, making four layers. Chill, then pat and roll out. Repeat until shortening is used. Roll, shape, chill and bake in hot oven. This will make 2 crusts.

**Patty Cases**

Make recipe for Puff Paste. It will be sufficient for 6 large cases, or 10 small ones. To shape the paste for patty roll  $\frac{1}{4}$  inch thick and stamp out with  $2\frac{1}{4}$  inch cutter twice as many pieces as you wish shells. Cut centers from one half of them, leaving rim about  $\frac{1}{2}$  inch wide. Lay these rings on the whole rounds, pressing them down that they may stick together. In very cold weather it may be necessary to wet the top of the large rounds

near the edge to make sure that the rings do not slip. To make very deep shells, roll the paste about  $\frac{1}{8}$  inch thick and lay on two rings or even three; but they are troublesome to make as they are apt to slip to one side. The oven should be as hot as for baking white bread. Patty shells should rise in ten minutes and then take about 20 minutes longer to bake through and brown. There will usually be in the center a little soft dough that should be picked out with a fork, taking great care not to break through the side or bottom crust.

### Meringues

Beat the whites of six eggs until stiff and dry, that is, until the bowl containing the whites can be turned upside down without losing any of the egg. Add gradually, while continuing to beat,  $1\frac{1}{2}$  cups of powdered sugar and beat until the mixture will hold its shape. Drop from spoon on cookie sheet or paper. Place on the grate in a very slow oven and bake 40 to 45 minutes, leaving the oven open during the last 10 minutes. The meringues should be but slightly colored and firm to the touch. Remove from oven, scoop out soft insides and return shells to oven to dry out.

### Green Gage Meringue in Halves of Cantaloupes

12 ripe green gages . . . 1 tablespoon powdered sugar . . . 2 egg whites, beaten stiff  
 Few grains of salt . . . a little grated nutmeg . . . 1 cup cream, whipped  
 Cantaloupes . . . candied cherries

Peel and remove the pits from the green gages, and mash the fruit, adding the powdered sugar. Allow them to stand on ice until thoroughly chilled, and after draining, fold in the stiffly whipped whites of eggs. Add salt, nutmeg, and a cup of cream. Heap the meringue in small mounds in  $\frac{1}{2}$  cantaloupes that have been on ice at least 24 hours, and serve immediately, ornamenting each portion with a few crystallized cherries. Serves six.

### Cream Puffs

$\frac{1}{2}$  cup shortening . . . 1 cup boiling water . . .  $\frac{1}{4}$  teaspoon salt  
 1 cup flour . . . 4 eggs

Add the salt and shortening to the water. When boiling add the flour all at once, stirring constantly until the mixture leaves the side of the pan. Remove from the fire and add the unbeaten eggs, one at a time, beating continually. Drop by spoonfuls on to a slightly greased pan which has been lightly dusted with flour, about 2 inches apart. Bake in a hot oven 15 minutes, then reduce temperature to moderate oven for remaining 30 minutes. Upon removing from oven pierce with sharp knife to let out steam. When baked fill. This will make 20, dropped from tablespoon, or many more dropped from a teaspoon.

### Chocolate Eclairs

Shape cream puff mixture on well greased sheets in oblong pieces about 4 inches long, and  $1\frac{1}{2}$  inches wide, placed 4 inches apart. As soon as they are done treat same as cream puffs. Ice with chocolate or vanilla frosting. When icing is cold, cut the eclairs on the side and fill either with whipped cream, a custard, or preserved fruit.

### Dutch Pie

9 zwiebach . . . 1 can condensed milk . . . 5 egg yolks, beaten . . . 2 lemons (juice)  
1 tablespoon cornstarch . . . 5 egg whites, beaten stiff . . . 2 tablespoons shortening

Roll Zwiebach into very fine crumbs. Grease well a deep pie dish and spread half the crumbs in it. Add egg yolks to milk, then lemon juice, which has been mixed with corn starch. When well mixed, add whites of eggs and pour into pan. Cover with remaining Zwiebach crumbs, dot with shortening and bake in moderate oven ( $375^{\circ}$  F.) for 30 minutes. Serves six.

## PARTY TORTES

 Few grains salt . . . 1 teaspoon vanilla

Combine ingredients in order given and mix to a stiff dough. Take a little more than half, roll it out and line a pie pan. Put a thick layer of jam (strawberry or raspberry preferred) and cut rest of dough in strips, and cover the same as you would prune pie. Brush strips with yolk of egg and bake in a moderate oven. ## CHAPTER XV

### PANTRY PARKING

When you take stock of your pantry shelves, does your periodic and annual inventory reveal an assortment of unused dust-gatherers, or an efficiently organized variety of canned goods subject to frequent turnover?

Are there perennials such as a can of sardines, or a certain kind of vegetable, or an odd can of chili or pimientos,—things that may not take well with the family, but still continue to occupy valuable shelf room in the pantry parking space?

#### **Double-Purpose Pantry Parking**

In this day of economy and age of efficiency, all shelf space is at a premium. There are two ways of solving the problem of caring for your canned goods, "storage," and "transient" parking.

Storage is the accepted and accustomed method of disposing of canned goods for the winter months. But it should be storage with a system—the fruits separated from each other, the canned vegetables apart from the meats, soups, jams, jellies, pickles, etc., each type given a different row or lane, the cans being assorted as they are put up or purchased as the case may be.

#### **"Transient" Parking**

The transients may be gathered from the storage shelves, or may be planned for definitely during the canning season for known requirements throughout the winter.

A workable arrangement for these shelves is to divide them into sections, each of which will be allotted to a certain use, such as "Company Dinners," "Bridge or Club Parties," "School Lunches," "Sunday Night Suppers," etc. These sections may be labelled if desired, and should each contain sufficient variety of canned goods to form the basis for a complete menu. The menus may be numbered to correspond with cards in your recipe file.

As soon as a section or menu number is used up, the same assortment should be canned or bought and filled into the vacancy, so that everything will be up-to-date, and ready at a minute's notice.

#### **"Church Supper" Row**

It is a good idea to fill the Church Supper shelf or space as you are canning or buying. Then you will not notice the demands made on your

supply by the refreshment committee! A can of jam here, a jar of jelly there, a pint of grapejuice, a quart of choice peaches or pears or string beans as you go, soon will fill up a good sized shelf, and you will have your donation ready for your turn.

## PART THREE

## CHAPTER I

### OUTDOOR AND CAMPING RECIPES

There is a charm about outdoor meals that makes them particularly interesting as a form of entertaining in the spring and summer months. People like the informality of the meals, and the background of green trees or woods or seashore make appetites keen.

For the ordinary family picnic here in the United States, some form of salad or sandwich is usually served. Sandwiches may be prepared ahead of time and wrapped in wax paper; or the fillings may be carried in small glass jars, the butter that way also, and the bread, already sliced and spread, in wax paper. The various kinds of rolls are also popular for sandwiches. Here are some favorite recipes for these family picnics.

#### Chili

1 lb. beef, cut in cubes . . . 2 tablespoons shortening . . . 1 green pepper  
1 onion, chopped . . .  $\frac{1}{2}$  cup tomato . . . salt and pepper  
 $\frac{1}{2}$  teaspoon paprika . . . 1 cup kidney beans

Brown the meat in the hot shortening, add the pepper and onion and fry golden brown. Add tomato, seasoning and water and cook until meat is tender. Cook beans separately. Combine meat and beans and bring to the boiling point. Carry in waxed or glass containers.

#### Picnic Gingerbread

$\frac{3}{4}$  cup shortening . . . 1 cup sugar . . . 1 cup molasses . . . 3 eggs  
1 cup sour milk . . . 4 cups bread flour . . . 2 teaspoons soda  
2 teaspoons ginger . . .  $\frac{1}{2}$  teaspoon salt

Cream shortening, add sugar, then eggs unbeaten and beat all well together. Combine molasses and sour milk, add alternately to first mixture with the sifted dry ingredients. Bake in greased loaf pan, moderate  $350^{\circ}$  oven about 40 minutes. Carry to picnic in the loaf pan.

#### German Potato Salad No. 1

6 medium sized potatoes . . .  $\frac{1}{4}$  lb. fat bacon . . . 1 small onion . . . 2 teaspoons salt  
 $\frac{1}{4}$  teaspoon black pepper . . .  $\frac{1}{2}$  cup hot vinegar . . .  $\frac{1}{2}$  cup hot water  
2 tablespoons salad oil

Boil the potatoes and after draining set them over the fire to dry. Peel and slice while warm. Cover at once with dressing made as follows: Cut

the bacon into small dice, put in frying pan over a slow fire. Shred the onion into a large bowl, add salt, pepper, hot vinegar and hot water. When the fat is a light brown color and the bacon dice well crisped, add the salad oil and pour it into the vinegar and onion, turning it slowly at first lest it spatter. Serve on crisp lettuce leaves, garnish with pickled beets. Best served as soon as made.

### German Potato Salad No. 2

10 medium sized potatoes . . . 1 onion . . . 1 teaspoon salt . . .  $\frac{1}{2}$  teaspoon pepper  
 1 egg yolk . . . 2 tablespoons olive oil . . . 5 tablespoons vinegar  
 Chopped parsley . . .  $\frac{3}{4}$  cup boiling water

Boil and peel the potatoes and slice them while still hot. Spread over the potatoes the onion, sliced fine, and sprinkle with salt and pepper. In a bowl mix the yolk of egg, the oil and vinegar, and pour it over the potatoes; pour over all boiling water. This is in order that the salad will not have the common fault of being too dry. Add parsley. After thoroughly mixing, cover the salad, and let it stand for a few hours.

### Hungarian Potato Salad

2 cups sliced cooked potatoes . . . 1 small onion, minced . . . 1 pickled beet, minced  
 1 cucumber, sliced . . . 1 spiced herring . . . 4 sardines  
 1 tablespoon minced boiled ham . . .  $\frac{1}{4}$  teaspoon black pepper . . .  $\frac{1}{2}$  cup vinegar

Remove bones and break into pieces the herring and sardines, mix all together and pour over the one-half cup of vinegar, garnish with walnut pickle.

### Baked Bean Salad

2 cups baked beans . . . 2 cups shaved cabbage . . . 5 tablespoons diced onion  
 2 tablespoons diced pimientos . . . 1 cup mayonnaise, or boiled dressing

Mix lightly all ingredients, and serve on lettuce leaves, garnished with parsley and pimiento rings.

### Potato Salad No. 1

1 qt. cold cooked potatoes, sliced . . . 1 cucumber, sliced . . . 1 cup diced celery  
 2 cups boiled dressing . . . 2 teaspoons salt . . .  $\frac{1}{4}$  teaspoon black pepper

Arrange in alternate layers the potatoes, cucumber and celery, sprinkled with seasonings. Add the dressing; do not stir, but lift it carefully with forks.

### Potato Salad No. 2

1 qt. cold boiled potatoes . . . 1 pt. diced celery . . . 1 cup peas  
 2 small cucumber pickles, minced . . . olives, minced

Dice potatoes, add celery and peas. Finely minced cucumber pickles and olives may be added. Combine with a liberal amount of French dressing

flavored with tarragon vinegar and onion juice to taste; or with mayonnaise made with these seasonings. Either dressing makes an excellent salad.

### Devilled Eggs

2 tablespoons shortening . . . 1 level teaspoon dry mustard  
2 tablespoons tomato catsup . . .  $\frac{1}{4}$  teaspoon pepper or paprika . . .  $\frac{1}{3}$  teaspoon salt  
2 tablespoons Worcestershire sauce . . . 6 hard cooked eggs

Put together in the chafing dish and heat all the ingredients, except the eggs. Bring to the boiling point and add the eggs cut in slices. Heat and serve on hot buttered toast. Serves six.

### Potato and Egg Salad

6 eggs, hard cooked . . . 6 medium sized potatoes, boiled  
2 tablespoons chopped onion . . . French dressing . . . mayonnaise

Cube hard cooked eggs, reserving one for garnish, and mix with diced, hot potatoes. Add chopped onion and French dressing. Serve very cold on crisp lettuce leaves, garnish with mayonnaise and sliced hard cooked egg.

### Fried Chicken

Chickens will do for frying up to six months old if they are plump and in good condition. Dress, singe, clean and wipe with wet cloth. Cut in quarters and season with salt and pepper. Roll in flour and fry in hot fat from salt pork until brown on both sides. Cover closely and reduce heat to cook slowly for 20 minutes more, or until tender. Allow  $\frac{3}{4}$  to 1 pound chicken to each serving.

## WILD GAME

Where the men in the family are addicted to periodic hunting trips, there will likely be some strange wild game to prepare. It is well for the women-folks to know how to cook a few things like this, for usually after the men get the game, they prefer to have the cooking done by some one else. Here are recipes for the more common types of game.

### Fried Rabbit

Skin, singe and wipe rabbit, joint it and soak it in cold salted water for  $\frac{1}{2}$  hour. Wipe pieces of rabbit, dip them in flour and fry in hot fat until tender and brown on each side. Remove rabbit from pan and add heaping tablespoon of flour and about 3 cups water. Bring to boil and when thickened add salt, pepper, teaspoon chopped parsley, little grated lemon rind and 2 tablespoons currant jelly. Serve sauce in sauce bowl. Garnish rabbit with green parsley. Serves four.

### Broiled Rabbit

Skin, singe and wipe rabbit. Prepare for broiler like chicken and cook over charcoal embers till done. Season with salt and pepper just before it is finished and pour over melted shortening mixed with 2 tablespoons vinegar, 1 tablespoon mustard. Serve with Ravigote sauce. Serves four.

### Roast Hare

Skin and wipe hare, stuff and sew up carefully. ## SEA FOODS AND SHORE DINNERS

Many and varied are the sea foods which are found on the east, west and south coasts of this country. Shore Dinners are the favorite mode of entertainment where these foods are available in fresh form. Here are recipes which are favorites for this particular method of entertaining guests at outdoor meals at the seaside.

### Soft Shelled Crabs

Lift each point of back shell and remove spongy substance found beneath it, taking care to scrape and cut away every bit. Turn crab on its back and remove semi-circular piece dark, soft shell called "apron" or "flap" and more of the same spongy substance lying under it. Wash in cold water and dry carefully on towel. Season with salt and pepper, dip in egg and roll in crumbs. Fry about 3 minutes in a very hot fat, putting in only two at a time, as they should be ice cold when prepared. Serve with tartar sauce. Allow one large crab to a service.

### Fried Soft-Shell Crabs

Wash always in cold water, as hot water spoils flavor. Remove all sand, also sand bag between eyes, "apron" and the spongy growths under side points. Rinse well again in cold water and dry thoroughly with clean towel. Season a pint rich milk well with pepper and salt. Season crabs also; lay them in milk, rubbing them so it may impregnate them throughout. Take out, roll in sifted flour, patting lightly as you roll, shaking free of loose flour. Have deep fat, very hot—it must be deep enough to swim crabs. Drop them gently, fry to delicate brown, skim out, drain on hot, brown paper, and serve garnished with fried parsley and sliced lemon. Serve with tartar sauce. Allow one large crab to a serving.

## CHAPTER II

### REFRIGERATOR MENUS

Since the perfection of the mechanical refrigerator, meals prepared ahead of time may be kept in good condition until ready to use. It is also possible to plan meals that are practically all finished up in the refrigerator. These meals should, unless weather be very hot, contain at least one warm food, such as soup, broth or beverage, so that the stomach will not receive a totally cold meal. Even rolls or baking powder biscuits may be prepared in the morning, and the dough placed in refrigerator until ready to bake. This proves a great help in entertaining, or when the homemaker wishes to be absent most of the day on other business, because the meal will be practically ready when she gets back home.

## CHAPTER IV

### INVALID COOKERY

The following are foods which doctors often advise for invalids and convalescents. This chapter is not intended to offer any suggestions for the treatment of disease, but to complement the doctor's orders so that the homemaker or nurse caring for the invalid may be in a position to prepare the foods ordered.

Many of the recipes suggested for undernourished adults are adaptable to convalescent cookery.

When preparing food for sick persons or those recovering from serious illnesses, be extra careful about the quality of foods, especially fresh foods. The best is none too good for those who are having a hard struggle back to health.

Never consult a sick person about his likes and dislikes for certain foods, but serve the things in as attractive a manner as possible and leave the patient alone with his tray. Make no comments about food left, but take it away and try something else for the next meal.

Be careful about arranging the tray, to see that everything used is clean and attractive. Use the nicest dishes and silverware and linen, and if possible place a fresh flower in a bud-vase on each tray served.

Serve small amounts of food, and do not plan too many different foods for the same tray. Simple food, attractively prepared and served, is always best.

As a general rule, doctors prescribe liquid diet, soft diet or solid diet, depending on the condition of the patient and the disease from which he may be suffering.

A liquid diet consists of all liquid foods. These may be varied by using gelatine, if permitted, to solidify some of the liquids such as fruit juice, bouillon, etc.

A soft diet consists of liquid and semi-soft foods, such as milk toast, soft-cooked eggs, etc.

A solid diet consists of very nearly normal menus.

## VARIETY IN EGG-COOKING FOR CONVALESCENT CHILDREN

Fancy the plight of the mother of a convalescent child, faced with the doctor's orders to feed him eggs, much eggs, on the one hand, and with said child's persistent, "But I don't like eggs, Mother!"

For that matter, imagine the task of any mother whose child doesn't like eggs. For eggs he must have a-plenty, unless he be one of those rare cases of protein sensitives.

To stimulate the co-operation of the convalescent or finicky child an appeal must be made to his curiosity. Therefore, much ingenuity must be exercised in fixing up the eggs to intrigue his interest.

### Eggs in the Shell

1. *Monogram Eggs*—Write the name of the child on the egg shell in liquid fat. Then boil the egg in water in which onion skins are being boiled. The shell will take on a delicate shade of reddish yellow, and the name will be left on the egg shell in white. The egg likewise boiled in water with spinach or parsley will color the shell a pale green.

Place the egg in a dainty egg cup, and lay a short story about Bunny or Molly Cottontail, etc., on the tray with the meal. The story to be read while the meal is in progress.

2. *Humpty-Dumpty Eggs*—Outline the shape of humpty-dumpty on the egg shell before dropping it in the boiling water. Use a soft pencil.

3. If the child displays artistic abilities, an egg served in a colorful Japanese egg cup, with a small Chinese porcelain spoon, will interest him.

### Soft Cooked Eggs

1. *Flower Pot Eggs*—Carefully break off the top of the egg shell, remove egg, place some shot or button molds in the bottom of the shell to make it stand erect. Then fill the shell with water and place some short-stemmed flowers in it. Serve this one on the tray with the soft cooked egg placed on cubes of hot toast. The child's name might also be printed on the egg-shell vase.

2. *Eggs-in-Nest*—Cut 2-inch thick slices of bread in circles. Scoop out the soft part from the center, leaving a thin layer at the bottom to hold the egg. Toast the bread circles on all sides. Break the soft cooked egg into the nest.

3. *Dinner Nest Eggs*—Dice cooked carrots very fine. Lightly butter them, and form into a circular nest on the plate. Drop the soft cooked egg into this nest, leaving the egg as nearly whole as possible.

### Poached Eggs

1. *Log Cabin Eggs*—Make a log cabin from narrow strips of toast. Cut up half a slice of toast to put in the bottom of the log cabin. Lay the poached egg on top of the broken-up toast, inside the log cabin. Make a tiny flag from paper, drawing in the colors, and paste it onto a toothpick, for a mast. Stick the other end of the toothpick into the side of the egg.
2. Serve a poached egg in a buttered spinach nest.
3. Place a poached egg on a round of toast, mask the egg with a thin white sauce, and garnish with chopped parsley.
4. *Poached Eggs in Potatoes*—Bake potato. Cut off the top of it, scoop out the center and season it with butter, salt and a bit of pepper, mashing it up. Refill the potato shell with the potato mixture, and place a poached egg on top.
5. *Poached Eggs in Rice Nests*—Place the rice when freshly boiled into small molds. Set away to harden. Turn out, scoop out the center, and place a poached egg into it. Or make a circular nest of the hot rice, freshly cooked, and drop the poached egg into it.

### Scrambled Eggs

1. *Vegetable Scramble*—Lightly scramble 1 beaten egg with 1 tablespoon milk, 1 tablespoon butter or margarine, little salt and pepper. When egg begins to set, add finely diced cooked carrots, or new potatoes, string beans or any proper vegetable in season. Heat thoroughly, pile on a slice of toast and garnish with a bit of jelly.
2. *Children's Favorite Scrambled Eggs*—Cut up 4 slices of bacon and fry with a small minced onion till the bacon is done. Add two large tomatoes, peeled and cut into small pieces, and simmer till smooth. Then add 6 slightly beaten eggs, and cook gently until eggs are scrambled, stirring constantly. Serve on toast.

### Baked Eggs

1. Cut the top off a firm tomato, scoop out some of the pulp, and set the tomato in a small ramekin or baking cup. Break an egg into the tomato cup, season with salt, pepper and dots of butter or margarine, and bake in moderate oven till egg is set.

## CHAPTER V

### DIET FOR UNDER-NOURISHED ADULTS

Just because you are thin is no reason why you need any special diet. So long as you feel good and are strong and healthy, keep on with your regular routine. Many people, in an effort to increase weight, bring on symptoms of various diseases through overloading the body with food, when there is no indication for increasing the weight.

If, however, a doctor says you are under-nourished and need a building-up diet, you may with his approval follow the suggestions in this chapter.

The most important thing is to learn to relax, to rest whenever you have a chance. Go to bed early and get at least 10 hours sleep each night. Take a nap in the middle of the day if possible.

Eat everything, fruits, vegetables, salads, meats, fats, carbohydrates. Eat slowly, thinking cheerful, happy thoughts. Avoid getting nervous and highstrung over little passing occurrences of everyday living. Rest fifteen minutes before and after eating.

Eat a balanced diet, as laid out for normal persons in the first part of this book. Increase the portions slightly, drink milk or cocoa instead of coffee. Use creamed vegetables instead of plain buttered ones. Eat cream instead of milk on your cereals.

Drink a glass of lukewarm milk just before retiring for the night, sipping it slowly and relaxing while doing it.

Mix ingredients (except cocoanut) in order named and freeze hard.  
Mold with tablespoon, roll in cocoanut and serve with crushed pineapple.

## CHAPTER VI

### REDUCING MENUS

The subject of dieting to reduce is one that engages the attention of thousands of women daily. The trend of modern styles to emphasize the slim silhouette, and the ready-to-wear clothing designers who devote most of their energies to developing interesting and up-to-the-minute styles for sizes 16, 18 and 20, are the two most potent factors in drawing women's attention to reducing.

Athletics for women have taken great steps forward in the last five years, too, with the result that women wish to appear to advantage in the various sports costumes available.

Whatever caused it, it's here anyhow—the era of dieting to reduce. And it is a most dangerous era from a health standpoint, because women will blindly follow anyone's diet, if it purports to take the pounds off in a hurry.

Ask any doctor what the most alarming situation in his profession is today, and his answer will be "Dieting Women." Most of the patients complaining of feeling tired, no pep, headaches, backaches, etc., are sure to be found as the dieters.

No woman, or man either, least of all a child, should attempt to reduce drastically and speedily without a doctor's supervision. It is too dangerous. If you should keep on trying to run an automobile without putting any gas into it, sooner or later the thing will stop dead on you. No more should you expect the human machine to run without sufficient fuel.

The majority of the much-mooted reducing diets are based on the absolute elimination of starches, sugars and fats, and the curtailment of proteins. They are made up almost entirely of fruits and vegetables and broths, with small amount of protein.

Since the sugars, starches and fats are the energy-producing foods, and the proteins the body and tissue-building foods, it is most unwise to suddenly eliminate them.

A rational regime for reducing is first a one or two-days' fast on nothing but water and fruit juice. The purpose of this is elimination. This is to be followed by a diet which will for one week only reduce the number of calories eaten to 1000. If it appears that, on this diet, more than 5 lbs. will be lost during the week, the next diet of 1500 calories should immediately be substituted for it. Not more than 5 lbs. should be reduced the

first week, and not over 2 or 3 lbs. during any week thereafter. The process should be slow and continuous.

If the dieting can be backed up by exercise, so much the better,—not violent exercise, however, since this tends to increase the appetite and consequently causes distress. Bathing and sufficient rest are necessary.

The following diets are presented to you as well-balanced reducing diets. You will not suffer any ill effects from their use, if you follow the amounts exactly. It is even advisable to measure out the proportions a few times until you are able to judge the amount by eye.

Weigh yourself the first day and make a record of the weight. Be sure to weigh on a convenient scale, because you should always use the same scale for all your weighings.

After weighing, start in with your diet. The first two days take nothing but water and orange juice, unless you happen to be depending on coffee or tea. In that event you may have the coffee or tea, minus any cream, milk or sugar.

The third day, start in with the 1000 calorie diet, and continue it for a week, unless you reduce more than 5 lbs. In that event, immediately switch over to the 1500 calorie diet.

Remain on the 1500 calorie diet, or its counterpart, for as long a time as necessary to take off a reasonable number of pounds.

After that time is reached, watch your regular diet, decreasing the amount below what you were previously accustomed to eating. You will not really want so much food, once you have gone through these two diet lists.

The foregoing menus are varied enough to use for the whole family. Then the dieting person will not feel out of things in the least, merely having to curtail his or her portions and eliminating certain few things. Recipes may be found in index, but for the most part the menus are composed of simply prepared foods.

**SPECIAL REDUCING RECIPES**

These recipes may be substituted for their approximate equal to vary the menus, if desired.

**Lamb Chops with Oranges**

Trim fat from thick lamb chops, dip each in melted shortening quickly. Oil the broiler well, broil chops 10 minutes. Turn them, place a slice of

orange on each chop, and broil 8 minutes longer. Sprinkle generously with salt, serve very hot.

### Baked Hamburg Loaf

1 lb. all-beef hamburger . . . 1 onion . . .  $\frac{1}{2}$  teaspoon salt  
Dash pepper . . . dash sage . . . sprig parsley . . . celery tops  
2 tablespoons hot shortening . . . 1 egg

Form hamburger to which the chopped seasonings have been added, into loaf. Bake in bread pan well greased, in moderate ( $375^{\circ}$ ) oven about 45 minutes to an hour.

### Scrambled Eggs with Tomatoes

2 tablespoons shortening . . . 1 teaspoon minced onion  
1 cup canned or stewed tomatoes . . . salt and pepper . . . 6 eggs, lightly beaten

Melt shortening, cook onion in it 2 minutes. Add tomato and seasonings, then eggs slightly beaten. Cook till creamy, stirring up from bottom of pan as it thickens. Serves 6.

### Bacon and Apples

Core and halve apples, place cut side up in glass pie plate. Set in hot oven till apples are nearly soft. Lay a slice of bacon over each, and cook till bacon is crisp and brown, turning once. Garnish with parsley. Serve with small baked potato.

### Shrimp and Cabbage Salad

To freshly prepared or canned and cleaned shrimps add  $\frac{1}{3}$  its bulk of finely shredded cabbage. Moisten with dressing. This goes much farther than the usual shrimp salad, and has a novel flavor.

### Gluten Bread

1 cake yeast . . . 1 cup milk, scalded and cooled . . . 1 cup lukewarm water  
1 tablespoon sugar . . . 1 teaspoon salt . . . 1 tablespoon melted shortening  
3 cups gluten flour

Dissolve yeast and sugar in lukewarm liquid. Add shortening, then flour gradually, and salt. Knead till smooth and elastic. Place in greased bowl, cover and let rise in warm place about 2 hours. Mold into loaves, kneading well, place in greased baking pans half full, cover with cloth and let rise again for an hour. Bake in moderate oven 45 minutes. Makes two 1 lb. loaves.

### Bran Muffins

2 tablespoons shortening . . .  $\frac{1}{4}$  cup sugar . . . 1 egg . . . 1 cup flour . . . 1 cup bran  
 $\frac{1}{4}$  teaspoon salt . . .  $\frac{1}{2}$  teaspoon baking soda . . . 2 teaspoons baking powder

#### Coffee Gelatine

One-half box gelatine soaked 1 hour in  $\frac{1}{2}$  cup cold strong coffee. Add 1 quart strong coffee, 1 cup sugar, and 1 teaspoon vanilla. Cool in crown mold, let stand on ice over night. Turn out on platter, serve with cream flavored with kummel or other cordial.

## CHAPTER VII

### CONSTIPATION DIET

In years past, people who were troubled with constipation took their nightly "pills" or herbs, and ate what they chose in the daytime.

Between that type of treatment and the present one was a period of "roughage-eating," which, however, did not give the results expected of it. For one thing, a great many people's intestinal tract cannot tolerate an undue amount of extreme roughage.

The present-day treatment of constipation is based on the balanced-menu idea. Foods that are too-completely assimilated are balanced up with foods that leave a certain amount of roughage to induce peristalsis. And the diet is carefully balanced for acids and bases (alkalies), so that a condition of acidosis will not result.

In general the diet for the first two or three months in the treatment of constipation should consist principally of cooked fruits, cooked vegetables, coarse cereals and breads.

At the end of that period, fresh or raw fruits and vegetables are added to the diet, watching carefully for any untoward results with certain of them.

Should the patient suffering from constipation be underweight, rich certified (unpasteurized) milk or malted milk should be used between meals.

Cottage cheese may be used occasionally, and the vegetables may be made into thin cream soups if desired to change the routine.

After the first two months on the above diet, a little meat may be added with the raw fruits and vegetables, as well as some salad dressings made of mineral oil, and an egg every other day.

Modern habits of living are not conducive to regular or frequent bowel movements. People ride too much, instead of getting exercise by walking; they are in too much of a hurry to "get somewhere" to attend to Nature's faint impulses for evacuation; they eat too greatly refined foods, foods that are too soft and too quickly digested, without sufficient amount of roughage.

The following suggestions may help some of the chronic sufferers from this all too prevalent disorder of the 20th century.

## Prevention and Cure of Constipation

There are four rules to follow—eat laxative foods, drink water, exercise and practice good habits.

### Eat Laxative Foods

1. Eat coarse breads and cereals, such as graham, bran, whole wheat, raisin or nut bread or muffins, using honey instead or in addition to sugar. Eat cereals such as coarse oatmeal, pottijohn, bran breakfast foods, any of the coarser prepared breakfast foods such as shredded wheat, bran krumbles, etc., using honey and cream on them, instead of sugar and milk. Dates, figs or raisins may also be added to these cereals.

2. Eat fruits and vegetables, cooked the first two months of the treatment, then raw thereafter. Eat them as vegetables and fruits, or as salads with mineral oil dressings. Leafy vegetables are especially good.

### Drink Water

Drink much water, or fruit-ades such as lemonade, orangeade, etc., and drink buttermilk instead of sweet milk if possible. Fruit juices are also good, such as orange juice, grapefruit juice, fresh fruit juice, etc. The daily intake of liquid should be from 6 to 8 glasses per day, either hot or cold as preferred. Some of this may be taken as bouillon or soup.

### Exercise

Walking is the best exercise, but must be done with activity. Some additional exercises may be helpful, but a good doctor should be consulted before engaging in any extensive exercise program. Bicycling is also good. There are simple exercises for the abdominal muscles which may be secured from almost any school of physical education.

### Practice Good Habits

1. Do not take cathartics or laxative drugs except on the advice of a physician.

2. Have at least one, preferably two, bowel movements daily.

3. Eat meals slowly, at regular hours, and chew food well.

4. Have a regular time, if possible, for going to the toilet every day.

5. Practice cheerfulness, especially at mealtimes.

6. You will probably be advised by the doctor to avoid nicotine.

7. Bathing of various kinds may also be indicated.

8. Enemas may be advised by doctor, to clear out the intestinal tract at night.

## SPECIAL CONSTIPATION RECIPES

### Casserole of Figs

2 cups dried figs . . .  $\frac{1}{2}$  cup sugar . . . 4 slices lemon  
3 whole cloves . . . 2 cups water, hot

Wash the figs and cut off the stems. Put in a casserole, add sugar, lemon slices and cloves, then cover with hot water. Cover closely and bake until tender in a moderate oven (350° F.) for about an hour. Serve with cream. Serves 6.

### Whole Wheat Bread

1 cake yeast . . . 1 cup milk, scalded and cooled . . . 1 cup lukewarm water  
4 tablespoons light brown sugar or molasses . . . 4 cups whole wheat flour  
1 cup sifted white flour . . . 2 tablespoons shortening, melted . . . 1 teaspoon salt

This recipe gives bread of excellent flavor and richness. Dissolve yeast and sugar, or molasses, in lukewarm liquid. Add shortening, then flour gradually—enough to make a dough that can be handled—and the salt. Knead thoroughly, being sure to keep dough soft. Cover and set aside in a warm place to rise, about two hours. When double in bulk, turn out on kneading board, mold into loaves, and place in well greased pans; cover and set to rise again—about one hour, or until light. Bake one hour in a slower oven than for white bread. This recipe makes 2 loaves.

### Graham or Whole Wheat Bread

1 cake yeast . . . 2 cups scalded milk . . . 2 tablespoons brown sugar  
1 teaspoon salt . . . 2 cups graham or whole wheat flour . . . 2 cups bread flour

Put the sugar into mixing bowl and add scalded milk. When lukewarm, add the yeast dissolved in  $\frac{1}{4}$  cup lukewarm water; make a batter with the flour and meal, beating vigorously. Let it rise until spongy; add the salt, and more meal gradually, until it is thick as can be worked with a stiff knife. Place in greased pans, cover and let rise. In baking, it should be set in quick (hot) oven, the heat reduced in 10 minutes. This rule is good, baked as muffins. Bake 35 minutes.

### Bran Bread

2 cups boiling water . . . 2 teaspoons salt . . . 1 tablespoon sugar  
2 tablespoons shortening . . . 1 cake yeast . . .  $\frac{1}{4}$  cup molasses . . . 1 cup bran  
1 cup graham flour . . . 3 cups white flour

Add boiling water to sugar and salt and shortening, and cool to lukewarm. Dissolve yeast cake in this, then add molasses, and beat well. Add bran, graham and white flour well mixed together, and stir well into yeast mixture. Cover and let stand in warm place over night. Knead

down on a floured board and into two loaves. Set in greased pans in a warm place and let it double its bulk. Bake in a hot oven (400° F.) for 30 minutes. Decrease temperature slightly for the last 15 minutes or until done.

### Bran Muffins with Prunes and Raisins

2 cups flour . . . 1 cup bran . . . 3 teaspoons baking powder . . .  $\frac{1}{2}$  cup sugar  
 1 cup milk . . . 1 egg yolk, well beaten . . .  $\frac{1}{2}$  cup raisins, chopped  
 $\frac{1}{2}$  cup prunes, chopped . . .  $\frac{1}{4}$  cup shortening, melted . . . 1 egg white, beaten stiff

Sift dry ingredients, reserving a little flour to dredge fruit. Add milk to egg yolk which has been well beaten. Add to dry ingredients. Add fruit and melted shortening, and cut into egg white which has been beaten stiff. Bake about 25 minutes in buttered rings in a 400° F. oven. Makes 18 muffins.

### Honey Bran Muffins

1 cup white flour . . . 1 teaspoon salt . . . 2 teaspoons baking powder  
 $\frac{1}{2}$  teaspoon soda . . . 2 cups bran . . .  $\frac{1}{2}$  cup honey  
 2 tablespoons shortening, melted . . . 1 egg . . . 1 cup sour milk

Mix and sift flour, salt, baking powder and soda. Add bran and mix well. Add honey with melted shortening, unbeaten egg and sour milk; mix thoroughly and quickly. Put into well greased muffin pans and bake in a hot oven (450° F.) 20 minutes. Makes 9 to 12 muffins.

### Date Muffins

$\frac{1}{2}$  cup white flour . . .  $\frac{1}{2}$  cup rye flour . . . 1 cup graham flour  
 3 teaspoons baking powder . . .  $\frac{1}{2}$  teaspoon salt . . . 2 tablespoons sugar  
 1 egg, well beaten . . . 1 cup milk . . .  $\frac{1}{2}$  cup walnut meats  
 $\frac{1}{2}$  cup chopped dates

Mix and sift dry ingredients, add the egg well beaten and milk, stir in the chopped dates, and ground walnut meats. Omit the walnut meats, if you like. Bake in gem pans in a hot oven 20 minutes. Makes 18.

### Graham Muffins

1 cup graham flour . . . 1 cup flour . . . 3 teaspoons baking powder . . .  $\frac{1}{4}$  cup sugar  
 1 teaspoon salt . . . 1 cup milk . . . 1 egg, well beaten  
 1 tablespoon melted shortening

Mix and sift dry ingredients; add gradually milk, egg well beaten and shortening. Bake in hot, greased gem pans 25 minutes.

### Whole Wheat Puffs

1 egg yolk, beaten . . . 1 cup milk . . . 1 cup cream . . . 2 cups whole wheat flour  
 $\frac{1}{4}$  teaspoon salt . . . 1 egg white, beaten stiff

Beat the white to a stiff froth; to the yolk, add the milk and cream and beat together until perfectly mingled and foamy with air bubbles. Add

the flour sifted with the salt; continue beating vigorously for 8 or 10 minutes, then fold in the beaten white and turn at once into hot iron gem pans and bake. Fill the irons full, bake 35 minutes, in moderately hot oven. Makes 1 doz.

### Pineapple Cakes with Lamb Chops

1 cup crushed pineapple . . . 2 cups cooked rice . . . 1 cup cracker crumbs  
2 tablespoons melted shortening

Mix pineapple and rice and form into flat cakes. Roll in cracker crumbs and fry until brown on both sides. Serve on chop plate surrounding broiled lamb, or mutton chops; green peas may be piled in the center of the dish. A spoonful of currant jelly, served on the top of each chop, is an attractive addition. Serves 6.

### Artichoke a la Provencal

6 artichokes . . . 4 ounces fat pork . . . 4 cups chopped mushrooms  
2 tablespoons chopped shallots . . . 1 teaspoon minced parsley . . . 1 tablespoon flour  
1 tablespoon shortening . . .  $\frac{1}{2}$  cup Spanish sauce . . .  $\frac{1}{2}$  teaspoon salt  
Few grains cayenne . . . few gratings nutmeg . . . 1 cup broth  
1 glass white vinegar

Prepare the artichokes as directed above, boil them 30 minutes and drain. Mince the pork and dry with shallots, add the mushrooms and parsley and simmer ten minutes. Blend with it the flour mixed with the shortening, add the Spanish sauce and seasonings. Stuff the artichokes and tie each with a string; brown the outside in a little olive oil, add the broth and vinegar; cover and cook 40 minutes in a moderate oven. When ready to serve remove the strings and arrange on a hot platter and pour the sauce over and around them. Garnish with a whole mushroom on top of each. Allow 1 artichoke to a serving.

### Harlequin Swiss Chard

Trim ends of entire stalks of chard neatly and cut stalks in uniform lengths. Arrange in bunch, alternating green and white ends so that half go each way. Trim off each end to make them square. Prepare enough for family requirements, tie, and cook in large kettle with just enough water to cover, salting when partly done. Arrange hot buttered toast on a platter, and on it lay the chard, removing the strings; pour cup or more of hot, highly seasoned cream or mock Hollandaise sauce around it. When serving use sharp knife and slice off a section of the white and green, carefully putting it on a square of toast. This is very pretty as well as delicious.

### Date Salad

2 cups dates . . . 1 cup of grated American cheese . . . 4 tablespoons cream or milk  
1 tablespoon Worcestershire sauce . . . 2 cups chopped celery  
Lettuce . . . French dressing

Cut dates down on one side lengthwise, remove stone and stuff with mixture of cheese, cream and Worcestershire sauce. Arrange lettuce leaves on salad plate, place two tablespoons chopped celery in center and arrange the stuffed dates around celery on lettuce leaves. Serve cold with French dressing.

### Apricot and Prune Salad

Fill halves of apricots (canned), allowing two to each person, with prunes stuffed with cream cheese. Lay on crisp, shredded lettuce and top with mayonnaise and whipped cream. This is almost a dessert, and can really be used as one after a heavy dinner.

### Baked Honey Custard

5 eggs . . .  $\frac{1}{2}$  cup honey . . . 4 cups scalded milk  
 $\frac{1}{8}$  teaspoon powdered cinnamon . . .  $\frac{1}{4}$  teaspoon salt

Beat the eggs sufficiently to unite the yolks and whites, but not enough to make them foamy. Add the other ingredients and bake in cups or in a large pan in a moderate oven. The baking dishes should be set in water. Serves 8.

### Carrot Custard Pie

2 egg yolks . . . 3 tablespoons sugar . . .  $\frac{1}{2}$  cup raw grated carrot  
2 egg whites . . . 1 pint milk . . . 1 teaspoon vanilla

Beat carrot, sugar and yolk of eggs together. Beat whites stiff and add. Add milk and vanilla to taste. Pour in crust and bake. Sufficient for 1 pie.

### Fig and Date Pudding

1 cup suet, chopped . . .  $\frac{1}{2}$  lb. figs, chopped . . .  $\frac{1}{2}$  lb. dates, chopped  
3 eggs, well beaten . . . 1 cup sugar . . . 1 teaspoon salt  
2 cups bread crumbs . . . 2 cups milk

Mix fruit and suet together. Add eggs and sugar and salt. Beat mixture well and add bread crumbs. Stir in milk and turn into greased mold. Steam 3 hours, and serve hot with a thin lemon sauce. Serves 8.

### Irish Moss

$\frac{1}{2}$  cup Irish moss . . . 3 cups milk . . . 1 tablespoon sugar  
 $\frac{1}{3}$  teaspoon vanilla or other flavoring

Wash and pick over the moss carefully, add it to the milk in a saucepan, and simmer the two until the moss begins to dissolve. A double boiler is preferable as it prevents too rapid cooking. In about twenty minutes, if the moss is dissolving, strain through cheese cloth, add sugar and flavoring, and turn into wet molds or cups to cool. Serve with cream and sugar. Serves 6.
